We didn't know it then, of course, but even when we were Freshmen, Prep was beginning the *aggiornamento* which finally became so apparent this past year. Unknowingly, we were the last class to sweat through seven Latin periods per week, the last class to memorize the questions and answers from Cassilly's antiquated *Doctrine and Practice*, and the last to recite poems and tell fabricated anecdotes for speech. This was the last year that one class and one teacher faced each other for as many as eighteen of the twenty-five weekly periods.

The homeroom system was virtually scrapped by the beginning of Sophomore Year, along with Cassilly, Speech and *Do It Right*. We were the first Sophomores allowed to take a foreign language and the first to trade Henle's traditionally sacrosanct Latin series for Father Welch's new approach. A few of us actually changed classes though the teachers generally made the switch. We were somewhat astonished to learn that the Senior Class had been given the option of taking Government rather than Physics

and wondered at the rumor that Senior Latin might possibly be made an elective. One year behind us, we found the Freshmen taking something called Fundamentals of Science and heard that the foreign language course might be moved to first year. We tried to ignore the ever-present threat of a lengthened school day and scoffed at the idea of Physical Education as impractical and unnecessary.

And the next year it all came true. We started class five minutes earlier and got out fifteen minutes later. Periods were shortened from fifty to forty-five minutes and that morning recess we had so loved was consumed by the new sixth period. And though long proud of our right to be fit or fat as we chose, we were finally introduced to Phys-Ed. But this was no ordinary gym class, despite an opening rash of sadistic calisthenics, we found these ninety minutes to be a welcome refuge from the pressures and problems of the other twelve-hundred and sixty.

For the main part though, Junior Year was unchanged. A Chemistry Lecture Room was fitted out in McAuliffe and the path through the woods was busier than ever despite the notable drop in the number of Seniors on the way to Physics. As usual, Cicero got mixed notices but a surprising number of us seemed more than anxious to let a dead language lie. Many of us found ourselves faced with a dilemma, however; which should we drop, Latin or Physics? A tough decision for some.

This choice was made unnecessary however, by a further liberalization of Senior courses in the Spring of '66. We were given the choice of taking three subjects from among Latin IV, Physics, Math IV, Comparative Government, and Constitutional Law (with Math obligatory for those who chose Physics). The effect of the change in the first few weeks of this year were often chaotic. Seniors who had forgotten their schedule cards ran here and there hoping to find out where they belonged. In late October the confusion was compounded by a ban placed on opening lockers between classes. Now Seniors had to carry all their books with them in case they had a certain class before they could again legally open their lockers. Book borrowing ran rampant as panicky Seniors discovered that they had guessed wrong, that they had Physics not French, and that their Physics book was locked up. "Say, friend, I see you're just coming back from Physics. How about .

The consensus, however, was heavily in favor of the liberalization. Non-scientists were no longer penalized by low Physics and Math marks; some classes, notably Latin, were made up of as few as ten to fifteen students. But in realizing that the Liberal Arts are not necessarily bound up in four years of Latin or a certain sequence of prescribed courses, Prep has not lowered her standards of excellence. With our graduation Prep begins her second quarter century, justifiably proud of her past and quietly confident of her future

"Oh good" . . . 3-D, the only Junior class privileged to study the form, function, part of speech, meaning, early Latin, late Greek derivation of every word of Cicero . . . messages on the board from the "Wonderful Wap" . . . "but using a trot is admitting defeat!" . . . the conspiracy of T.H.E. Catalne, revived . . . Harry's dilemma on what to do with the "Wet Paint" sign . . . "all I meant was that he's from a good Italian family" . . . stimulating discussions on "Catcher in the Rye" . . . "no partial credit, Mistah."

A reputation?

Front row: W. Burhans, A. Malash, P. Hunt, R. Dalessio, D. Bowen, J. Dudra, J. Perry; second row: P. Zotter, E. Kovacs, E. Zoeller, R. Connelly, D. Ryan, F. Hustek, third row: W. Clifford, G. Callahan, T. Talkerson, J. Gulash, A. Petruccelli, D. Kelley, B.

Kugel, R. Volz, J. Skowranski; fourth row: J. Brown, R. Kiraly, J. Kohout, R. Johnson, M. Wolf, K. Alexander, J. Sabo, M. Porter, absent: P. Maloney

III E

"They told us to clean up the room."

"Keeeeeep quiet!" . . . "Any questions? See me after class" . . . "One more mistake and it's lights out, Hustek" . . . the Math Flash . . . "Don't worry about it, marks mean nothing" . . . "Just where is Mr. Ryan" . . . the Soup John C . . . "You have been warned, gentlemen! Gentlemen?" "Hang on Soupy, Soupy hang on" . . . Seventh period wood shop "Hi, there! I'm your friendly neighborhood activity period leader Shut up!!" . . . Owners of flying objects leaving the 3-E windows will be prosecuted and their pilots grounded.

I guess I'll get used to it.

Onward, Christian Soldiers!

Would you believe Lauriaton?

"But Father, I didn't have time to take a shower."

seniors

*"...and the morning is just
a few hours away."*

Simon and Garfunkle

A gray September drizzle greeted us on that first day four years ago. Two hundred and eighteen strong our freshmen voices strove to drown out the upperclassmen as we chanted the purple-printed lines mimeographed on the sheets of paper we clutched in our hands; this was a rally. Enthusiastic, we bought our first booster button (Bust Up Bassick) and then felt the chill of a losing football season. We were soon quite familiar with jug but asked: "What's a mixer?" We found out and then watched and worried about Sandy Sulzycki's foot as the basketball team gained a play-off berth. By now we knew every square inch of McAuliffe Hall; the little corner on the other side of that doorless doorway where the monosyllable "jug" silenced the polysyllabic, post-bell ventures of the more loquacious among us. The mantled fireplaces that graced every room except IC. The paper and plastic homeroom signs that proclaimed "Krazy A" or "-IC." We boycotted the cafeteria, swearing off those lemon-filled, chocolate-iced donuts we so loved. Just before finals we read about ourselves in the mimeographed publications of IA, IE, or IC.

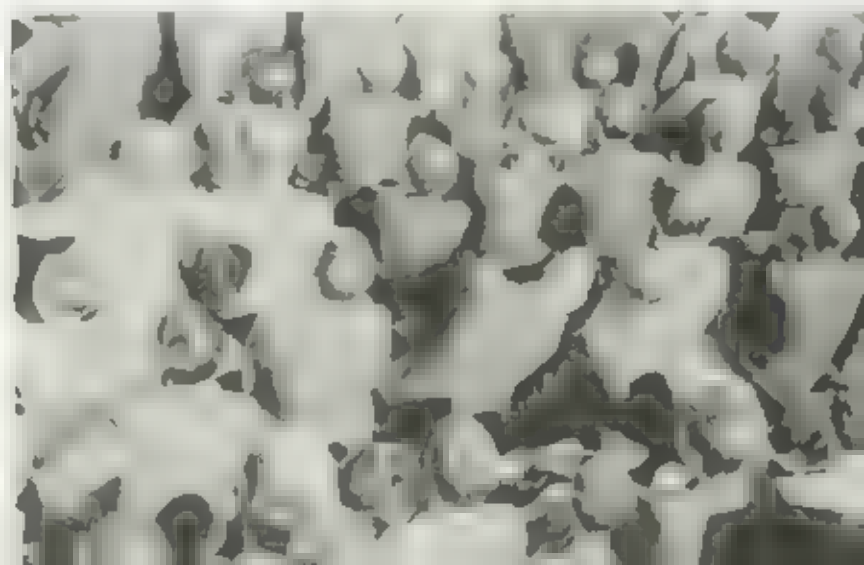

Having finished our second summer reading list, we came back, some of us to climb three flights of stairs in Berchmans, the rest to become the "Lost Legions" on McAuliffe Hill. We Berchmans Boys had lockers—or

half a locker; and when we shared one our partner was always bigger than we were and we wound up on the soggy bottom. We shivered in the football stands and sweated in the gym as we spent the year at ND's heels tripping them once with a 26-14 gridiron victory. *Sprechen Sie deutsch* and *parlez-vous francais* sounded in the third floor corridor as some of us actually got to change classes. And every time we almost remembered what *vineae* were the library door exploded and jarred the translation from our heads. But there were only four marking periods this year; we could try again on another test. And then there was a bang as the first edition of the *Prep Soundings* issued from the McAuliffe labyrinth.

We moved up to junior year and that meant going down a floor and being reunited with the "separated brethren" of McAuliffe. The annual victory dance finally celebrated a victory—and an MBIAC championship too. Szabo arrived; but so had physical education, and our toughened bodies met any challenge. The Dramatics Society presented the annual May play in December; it was a comedy with tragic overtones: the introduction of four Roger Ludlowe actresses violated the sanctity of Prep's traditional all-male presentation. But most of us didn't mind. Nor did we expect the appearance of a Jesuit folk trio in the cafeteria one day. By April "prom" had replaced "jug" as the most frequent monosyllable in our speech. Occasionally we put aside homework to watch the baseball team blast its way to an MBIAC crown.

One hundred seventy-four of us came back last September. Privileged now, we puffed and huffed and the smoke in the Senior Lounge was as dense as ever. We cheered loud and long at the bonfire rally before the ND game; but after the scoreless tie there was that unearthly silence. A unique system of grading Latin papers enabled us to receive a zero that was worth a fifty, and, *Honest to God*, our theology course was really different. The administration abolished jug; but, when the janitorial crew began to report infrequently, some of us took seventh-period courses in cafeteria and classroom maintenance. Those who had chosen Physics to escape the term papers of Constitutional Law and Comparative Government slipped and splashed their way to the presentation of lecture films concerning "the little, tiny spheres." We spelled out BUBBA and bewildered the stands of our opponents as our MBIAC championship basketball team went all the way to the Class L trials. We paid our class dues on the installment plan and discovered that the University's Campus Center would host the prom, the Longshore Country Club the post-prom. No matter how hard we tried, we could never remember the day; and we constantly referred to the *Student Handbook* to find that we would graduate on June 5 as the

CLASS OF '67

Front row: R. Demers, B. Mullins, J. Lawn, W. Reid, B. McCormick, T. Holleran, R. Hall, M. Doherty, J. Castignoli, D. Iacuzio; *second row:* T. Ventre, R. Cox, J. Rovito, J. Reinhard, J. Blanche, S. Knapik, S. Paduano, M. Mastromonaco, D. Hussey, J.

D'Alesio, B. Bonetti; *third row:* J. Legato, J. Pascarella, E. Kierman, T. Hogan, A. Rossi, R. Petrone, R. Weglinski, J. Devlin, J. Ecker, M. ... *absent:* R. Buccino, C. Coughlin, M. Farrell, F. ...

102

102, where you can learn less in one period than any other class in 45 minutes (????) . . . "Let's say a prayer" . . . Foine . . . Mr. German, did you really go out with?? . . . The mystery of the broken desk in 207 . . . Arnie Rossi, hell driver . . . Anybody want to have a little one on one with Mr. Brosley? . . . "This is only a waste of time, Sweetheart" . . . "What did he mean to say, Mr. Ventraee?" . . . Anybody going on retreat?

"Okay, zoo. Just wait until after the play!"

Sitting: J. Turney, J. Delaney, S. Rosen, A. Alves,
R. Keane, G. Taylor, R. Castaldo, D. Cueto, S. Ko
F. Pabneri, N. Giovanetti, M. Cellini, R. Miller, C
second row: D. Rastelli, R. Napoli, M. Zillari, R. Och

Back row: A. Levat, M. Long, C. McCarthy, J. Kahn, E. Tompkins
Front row: P. Mikan, B. Kelley, D. Gorlo, J. Yakovich, S. Blonde
B. O'Toole, R. Guertin, J. Reilly, T. Brennan, *absent:* T. Kowalski

"I wish you wouldn't ask such personal questions."

103

Kill, Bruno, kill . . . Listen, Sweetheart, do your homework once in a while . . . "Freeze Commandos!" . . . "Soine is foine, Mr. Kowalski" Edsel is here . . . Lill . . . "Wake up, Charlie" "How about Portugal?" . . . "Shut up Cueto" . . . First a quarter, then you wash windows . . . Yak Reilly did it . . . Mr. Zillari . . . Gorlo get your hair cut! . . . "Let's do some government, gentlemen" . . . swallow it . . . "You children ought to start doing some work" . . . party at Mr. Jaffey's.

Front row: R. Gauvin, R. Lewis, A. DePensilis, W. Bista, T. Wickert, J. Barrett, J. Shukie, D. Shaw, T. McMahon, D. Frigon, R. Seeley, M. Marotto, T. Tedesco, second row: I. Lally, A. Lacerenza, R. Kalaman, D. Shannon, S. Vazzano, E. Tarceek, W.

Dohme, K. Doyle, B. Boczkowski, J. Canavan, P. Henry, R. Deffey, R. Mead, J. Ribon, third row: S. Nemeth, N. Rubertino, D. Kunsch, G. Fogarty, K. Kealy, T. Reilly, C. Froelich, T. Turey, B. Howard, L. Dizenzo, J. Barnhart, D. Grenier

104

A class of vibrant personalities . . . no industry but loaded with warmth and humor . . . Fr. Green's math class is a PLEASEure . . . Government class and the D.D.R.T. (Doyle, Dohme, Reilly, Turey quartet) . . . Who's gonna play intramurals today? . . . What's involved in the Marbury Case? Anybody? Zzzzz . . . "Parlez-vous Francais?" . . . Try again . . . "Gentlemen, your marks are not based on mathematical averages alone" . . . Where's the party this weekend? . . . How do you get there?

"I flunked gym."

"How Do I Love Thee..."

Ah, McAuliffe Hall! Shall we ever forget? Forget the trembling, awed silence of our first meeting, when we glanced covertly at each other, you cloaked in the gray of September drizzle and we clad in the stiff suits til now reserved for Sunday? Or the feeling of the fantastic when we first entered your now-hallowed chambers? Or the bond of love that grew between us as we learned your many and secret ways, the bond that gave meaning to the phrase "*alma mater*." Never!!

And we shall ever remember your doors, doors that led to classrooms, to closets, to washrooms, to stairwells, to offices, to labs, to showers, and to dark rooms and darkrooms (though not necessarily in that order); and those locked doors that no key could open. And the benches in the cafeteria, gray, wooden benches that spilled us and orange drink and mustard-coated hot dogs all over one another whenever anyone stood up. And your pew-lined study hall where silence and chatter alternated in a regular pattern with the appearance and disappearance of the head of some member of the faculty in that doorway. And the handrail that pulled huge chunks of plaster

from the wall at the slightest twist and turn.

Oh, the deeds you have done! Who could fully appreciate the terror of Theseus unless he became lost in the labyrinth deep beneath you?

And would we ever have such unity had we not packed ourselves, two hundred or more, into the cramped confines of your cafeteria? What better way was there to learn the art of gardening than to dig dandelions from your expansive lawn? And how many literary talents have chosen to labor for the *Prep Soundings* rather than the *Hearthstone* just to be with you again?

Sad to say, there are those who would have detracted from your perfection. Horrible gossips have spread frightening tales: that your cafeteria was once a stable, that the physics classroom had served as a coal bin; but we stopped our ears and did not listen. And then there was that black-caped presence that occasionally issued from the tower and swept us all aside. Yes, we called them lost, those two classes we left behind in sophomore year. But, o, the irony: it was we who were lost; poor, damned souls buried in the steel and brick of Berchmans

"Oodles, Noodles, Piping Hot..."

Our cafeteria was very fickle. Though we visited her nearly every day of the week, we could never be certain what her mood would be.

In the morning she was a flitting coquette. She would draw us from conversation to conversation as her many admirers arrived; and we left behind us glowering friends who hadn't found out how to do it of problem 13.

At lunch she was a fiery temptress. Perfumed with aromatic scents of hamburger, ravioli, and Beame-Weame, she enticed us; yet she was not easy to win. We had to fight machines that accepted only the new alloy quarters and dimes and rejected our hard-earned silver as slugs. We struggled to wrench open those little plastic doors that barred the way to the favors she held out to us. And we stood in fuming silence as the soda machine spewed ice and root beer and then dropped the cup.

In the afternoon we found her serene, pensive, mysterious: an enigmatic young girl who soothed our problems and anxieties with the soft stroke of silent fingers. We would walk with her in solitude and meditation; or, with the faint whisper of the water fountain humming in our ears, we would sit and dream.

But that same evening she became a devil-may-care swinger. Decked with streaming whisps of crepe paper, she swam and skated to the driving electric sounds she so rarely heard. Her earrings of colored glass shimmered as flashing lights caught her in their glare; she had pinned her hair with an emblem that much resembled the Red Baron's bi-plane. And then, as we danced the slow steps of the last dance, we gazed into her tired eyes and knew that, however fickle she might be, we would always remember her.

"Such, such were the joys..."

Weekly, we huddled into the heart of the gymnasium, into that sultry, malodorous locker room where Christian gentlemen become muscular supermen. After stripping off suit coat, collared shirt, and tie, we climbed into the rags and tatters of physical education fatigues. Thus properly attired we dashed out to the football field. There we were met with roll call, calisthenics, and, of course, the weekly words of wisdom from our witty athletic director.

However, our spirits were quickly dampened by fifty yard dashes, chinups, and other tests meant to test that vast, untapped physical strength embedded in every student of Fairfield Prep. Often, these excruciating examinations taxed our strength and courage to the very end.

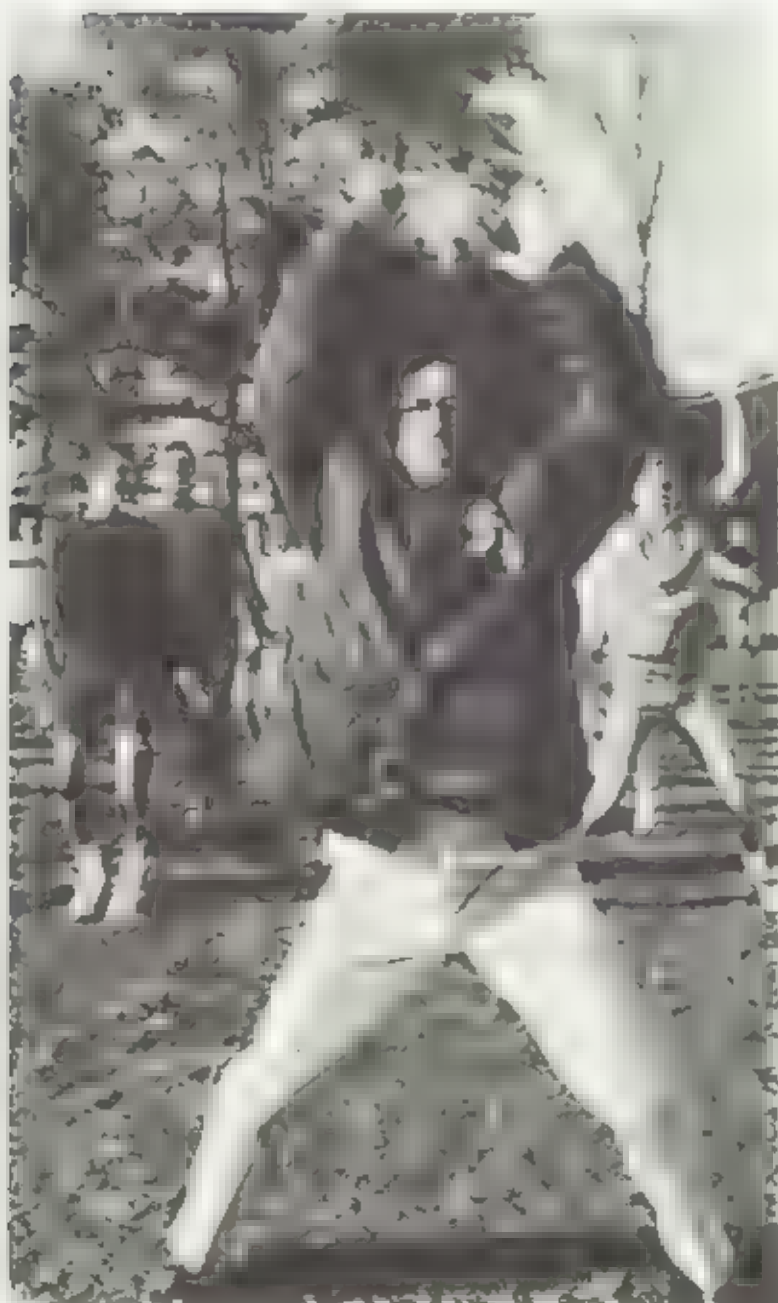

With the end of these exhaustive physical endeavors came the clashing of bodies, the sweat, the excitement, and the rivalry involved in a vigorous, hard fought, stimulating, intraclass game of football.

In addition to football, Physical Education classes included basketball, baseball, tennis, homework, and the promise of such exotic sports as volleyball, weight lifting, gymnastics, wrestling, and fencing.

However, our brief moments of ecstasy came to an abrupt end as the thundering of feet heralded the end of class. Descending the stairs to the locker room, we noted that the somewhat unpleasant aroma of tuckered bodies now permeated the locker room.

Then, after a soapless shower, we dragged ourselves back to Berchmans, crammed our soiled rags into our lockers, and once again became engulfed in the dull routine of school life.

"Such, such were the joys . . ."

FAIRFIELD COLLEGE-PREPARATORY SCHOOL
BULLETIN

TUESDAY, DECEMBER 13, 1966

1. Jug will meet this afternoon in room 105. All interested students are invited to attend.
2. Report cards should be signed and returned to the office before today.
3. All students taking College boards on December 3rd are reminded that they are in trouble.
4. The Plumbing Academy will hold its first meeting this afternoon in the McAuliffe men's room.
5. Class II-G has been disbanded.
6. Yesterday was not a school holiday, despite rumors.
7. Seniors who have not paid their dues by the Epiphany will be denied use of the facilities of the Senior Lounge.
8. There will be a yearbook this year, weather permitting.
9. The freshmen class of Laurelton invites 175 seniors to a mixer on January 1st. Tickets are 24.
10. The senior smoking privilege will be granted today.
11. Summer school applications are available at the office on a first come, first serve basis.
12. A representative from the Bridgeport Elementary School System will speak to Prep SENIORS tomorrow afternoon in the Senior Lounge. All those interested should sign in the Registrar's Office by this morning.
13. There was no Phys. Ed. class yesterday.
14. Congratulations to the Prep Desk-writing team on their recent victory over sanded desks.

TODAY'S ACTIVITIES AT 2:30

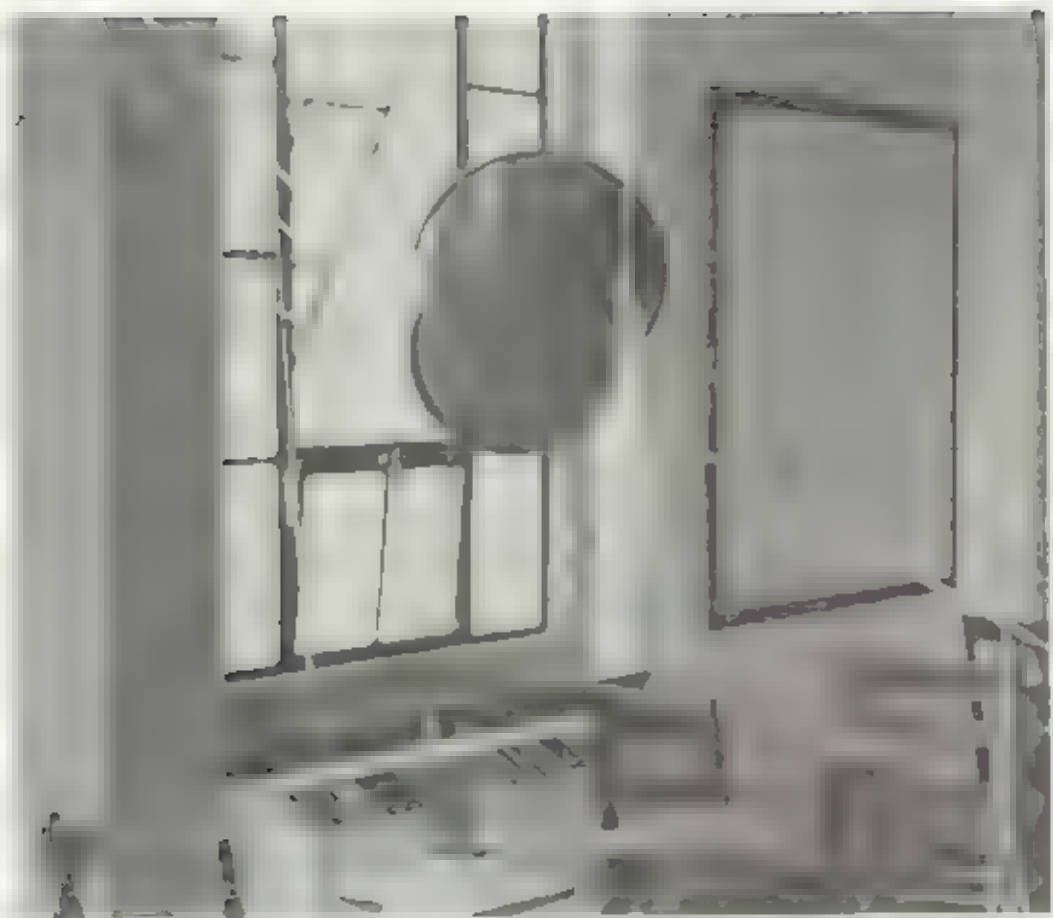

Desk Sanding - Berchmans 103
Cafeteria Clean-up - Berchmans basement
Buses - Main Entrance

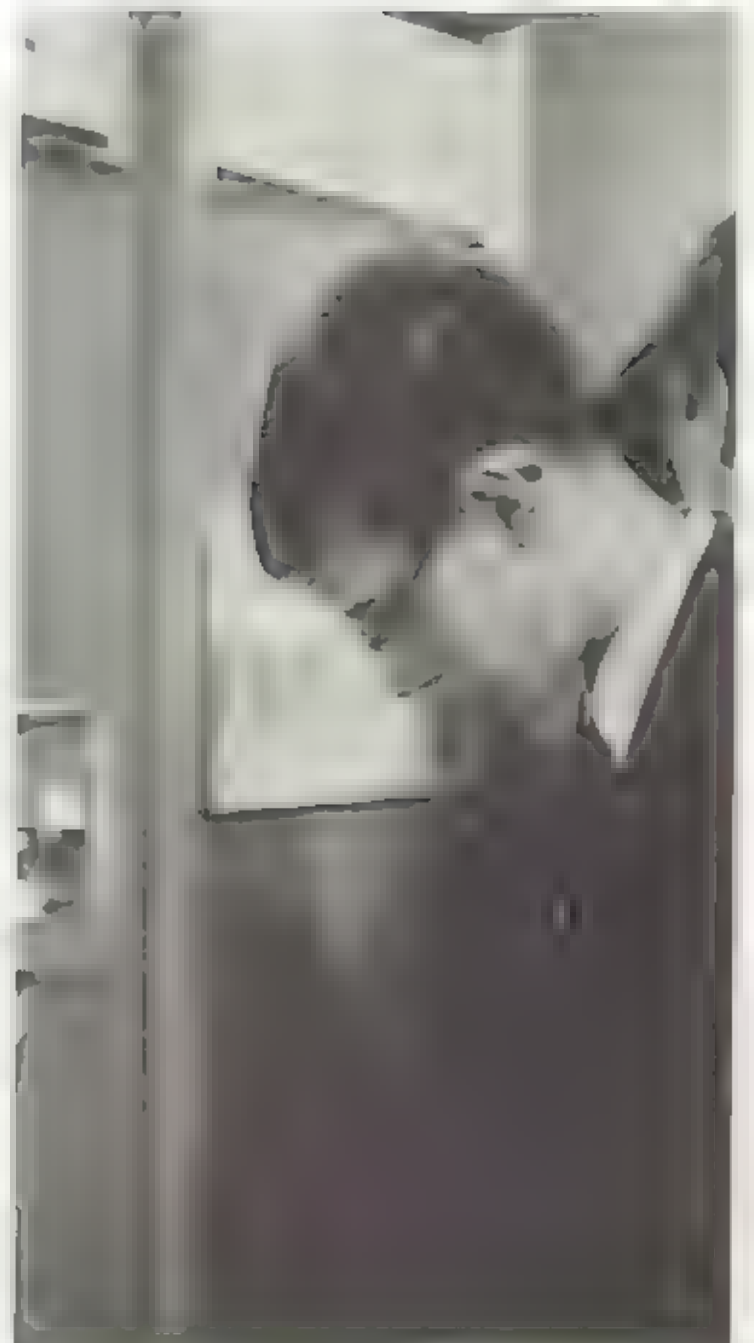

- N.B. Will the person who has the master key please return it to the office.
15. No one is allowed in the elevator after 4:00 p.m. unless accompanied by a faculty member
 16. DeAngelo's Discotheque wishes to announce the arrival of a new shipment of MONARCH NOTES.

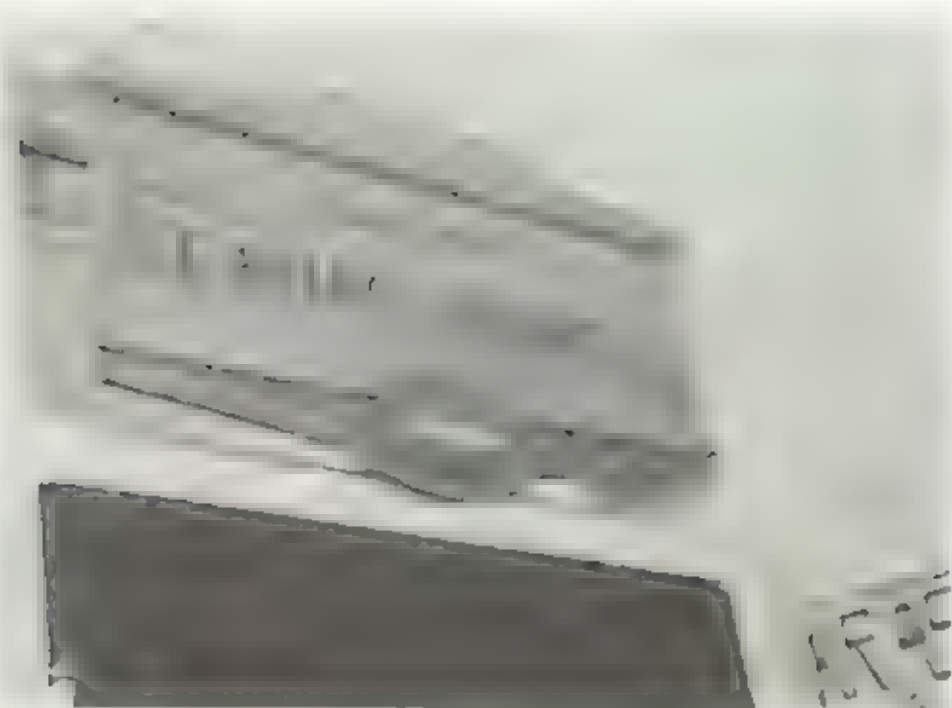

As freshmen, we . .

You never can tell 'til you try.

"Five cases for Friday night, please."

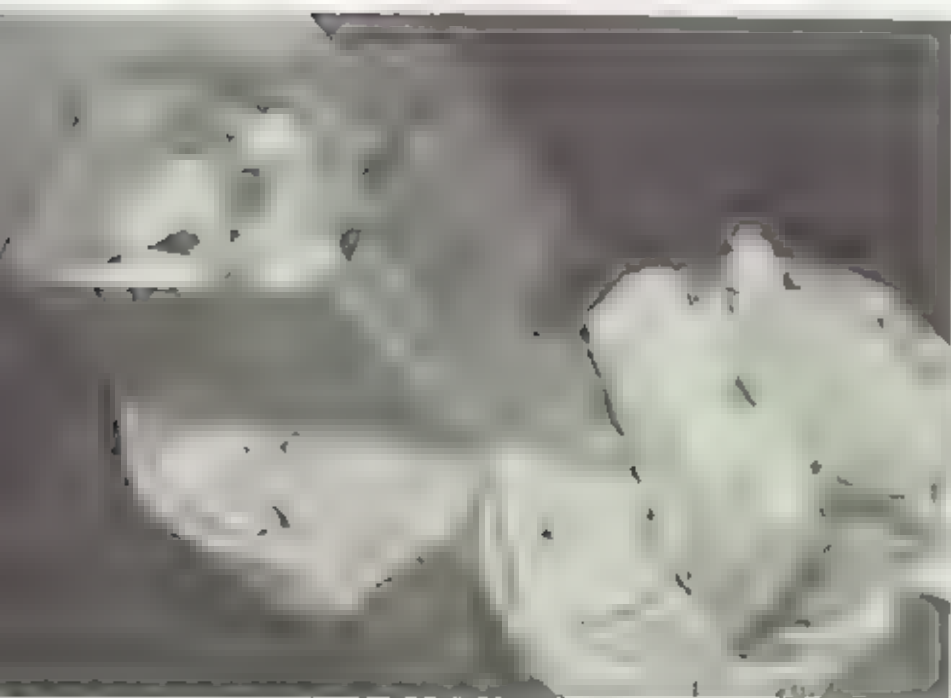

"Dear Heloise . ."

"and when it hatches . . ."

Who says he's living in Argentina?

The aftermath of Szabo indigestion.

"I wonder what it is this time?"

"...and to lend a hand."

First an idea, then hurried, cryptic conversations between periods. Next, a sway in the branches of the S.C.A. grapevine and casual mention in certain Theology classes of an opportunity to practice the much-verbalized theory of Catholic Action. Finally, an October bulletin announces: "All those interested in a tutoring program for underprivileged children in the Bridgeport Elementary Schools should sign in the Registrar's Office this week."

And we did.

A few weeks later we and the seniors met with Fr. Canning and Mr. Meehan to hear Ron Bianci of Fairfield University and Mrs. Schwartz of the Bridgeport Board of Education outline the aims and procedures of the program, tell how a half-dozen University students had begun the previous year, and explain that the children with whom we would work had scant knowledge of any but their own environment, few people that they could talk to, and, quite often, little reason to achieve. Now that we knew what to expect of the program, we had to decide what to expect of ourselves.

And most of us expected quite a bit of ourselves.

For we stayed. Through the bumbling and confusion of two months of tutors without assignments, assignments without tutors, half-meetings and total misunderstandings, we stayed, periodically signing our names to lists in the Registrar's office.

And then, in February, we all left. On Monday or Tuesday or some day we packed station

toward us; the name became a face and the face a disturbing presence as he guided us to the classroom.

There we listened and corrected as he stumbled through the basic word list or watched as he signed his name to the folder with the pencil we had lent him. Or, thinking of how we usually slurred it, we enunciated slowly a word she had mispronounced in reading the story. Or we tried to explain that the picture in the phonics book was a plant, not a flower, even though it was a flower.

As the weeks passed, we talked with her about the horse farm her uncle owned. We got together with two or three others and played

wagons and Volkswagens and left Prep, to arrive at Samuel Johnson or Longfellow or one of six schools a few minutes before 3:00 or 3:15 or whatever time we had been assigned.

And there we collected our materials,—a folder, a phonics book, a reading book, and the basic word list—feeling all the while the curious, questioning eyes of the fourth- and fifth-grade boys and girls scanning us, searching us. From a distance we heard a voice call out first our name, then a name which rang a bit strangely in our ears, finally the number of the classroom in which we would work. Someone separated himself from the queue of students and moved

bingo of a type that taught sound recognition. Sometimes he kept glancing at that piece of paper he had left on the corner of the desk; soon we were helping him with his arithmetic assignment. And we wished that that college representative had picked any day but Wednesday.

Suddenly, it was May and the program ended. We wondered if we had accomplished anything, if in our last session we had tied up the loose ends or merely bunched them together. The Bridgeport Board of Education thought that we had done enough; they awarded us certificates honoring our achievement. But our students had already rewarded us: we had lent a hand; and, after the uneasy contact of the first weeks, we had received the firm grasp of understanding.

This year we, seniors now, felt a tug on that hand that someone had borrowed; the tutoring program beckoned us to begin anew and the initiation of a Big Brother program drew our attention. December found us, tutors, meeting in the classrooms of seven schools with fourth- and fifth-graders who stumbled through the basic word list as well as those we'd known last February. Big Brothers, we brought into our world a young kid from Father Panik Village or visited him in his. The uneasy contact of the first few weeks pointed to a grasp of understanding—perhaps even of friendship—in May.

"Ask not for whom the bell tolls . . , it tolls for thee."

When on a warm Friday in September the class of '67 returned to Prep, we discovered that our alma mater had spent the summer months preparing a special treat for her eldest children. During vacation, rumors from the grapevine had reached us but, only as we transcribed to the little white cards the information on the mimeographed sheet that bore our name did we believe our good fortune: each of us was to have his own personal schedule.

The following Monday we began to enjoy our novel privilege. Having consulted our schedule (for the privilege carried responsibility; no longer could we sit and wait for the teacher to find us), we picked out from the pile in our locker the *P. Vergili Maronis Opera* and Jackson Knight's *Aeneid* and strolled to 103, where we had Latin. Then, having exchanged *Opera* and *Aeneid* for *Advanced Algebra*, we sauntered to 105, where math had us, discussing in scholarly tones the events of the first period. After math, we picked up blockers who cleared a path to our locker, where we discovered that German class was in II-G and II-G in McAuliffe. Utilizing our skill in broken field running, we traversed the corridor, broke into the clear at the front door, and dashed up the McAuliffe stairs before the astonished faces of our friends in Physics. Out of shape after the lazy summer, we stumbled back through Berchmans where, clutching our locker door for support, we grabbed our theology text; then we sped to 102—which was Constitutional Law. We ducked into 101, beating the bell by a second.

Lunch at last. This was one price we had to pay for our privilege: a fifth period lunch after three years of fourth period feedings. We soon found that the cost was even dearer. Ninety undernourished underclassmen slumped over the tables, violating the ancient and hallowed exclusivity of senior lunch.

Dyspeptic, we mounted the stairs and counted another blessing; this year we had but one flight to climb. We consulted our schedule: Comparative Government, 104; bearing our text, we trudged down the hall and spied the water fountain. Two elbows, a knee, and a cross body block diverted us to 104 again. Staggering through a series of one-on-ones with numerous individuals, we retraced our steps to our locker; sixth period was English, 104. Now why didn't we bring our English books last time? The crashing of forty or fifty others echoed the disgusted slam of our locker door. And, as we turned the corner, . . . the bell! Too late. A blue slip and an invitation to a 2:20 get-together.

Wait a minute, Mr. McGillicuddy. Where does jug meet?

"Excelsior!"

When we returned to the toil and sweat that is Prep in the autumn, our minds did not pant so hard for we were seniors and the rigors of the three earlier years had toughened us for the home stretch. But here and there apperaed vague omens that perhaps the end of the race was not so near, that this year might only be the far turn.

Two-line announcements in the bulletin heralded the arrival of a representative from Oshkosh U.; "will all those interested please sign in the Registrar's Office before the end of school today." And so we signed and spent an afternoon in our lounge, listening avidly to a description of the track ahead. Inspired, we politely requested a bulletin and an application blank or dashed off to the mailbox to post our request to the man with the awesome title of Dean of Admissions. Eagerly we read each bulletin and then dreamed of our life as a BMOC.

But one nagging cloud darkened the horizon of our dreams: a scrap of paper labeled "Application for Admission." After we had swiftly printed or typed our name (last first, first middle last), address (number street city county state and zip), telephone number (with area code), mailing address (if different), date of birth (month, day, year), social security number, full name of high school, and address of school (city, county, state, zip), we paused and gaped at the still blank, blank application blank:

List in their order of interest for you extracurricular activities in which you have participated; quickly we thumbed through our student handbook to see what was available.

What awards, scholastic or otherwise, have you won in the past four years? And we rumaged through piles of school mementos to count our honors certificates.

In one-hundred words or less, summarize your goals in life and how you hope your college education will help you to attain them.

List all books that you have read in high school; star those required by a course. We rushed up to the third floor and swept the shelves bare in a sudden flurry of literary interest that roused sleeping volumes untouched for a decade.

If you were a famous philosopher on your death bed, what advice would you leave the world? (Please confine answer to no more than fifty words.)

If you had an opportunity to undertake on

Part I PERSONAL INFORMATION

Name of Applicant		Date of Birth	
Address		City	
State		Zip

State		Zip	
Social Security Number		Date of Birth	
Full Name of High School		City	
State		Zip	

great adventure in your life, what would it be? (Answer in no less than five-hundred words.)

But we accepted the challenge and labored to perfect our expressions of goals, philosophies, and adventures, thinking of the white of the green or grey or pink or yellow transcript that we had paid the office a dollar to fill out with marks that we knew were sinking.

Yet, when that certificate with our name (first first, middle, last last) arrived two or three or four months later, our triumph soothed our pain and our wallets.

STUDENT GOVERNMENT

spirit of '67

President ... Christopher Coughlin
 Vice-President Frank Szivos
 Secretary Thomas Roche
 Treasurer John Claydon

D. Lincoln W. Dargone M. Argo O. Lalor, C. Abernethy, M. Allen, R. O'Neil, T. Wolf, W. Collier, J. Vignelli, P. Oates, C. Kampas, E. Flanagan, P. Foley, I. Bonczar, R. Dinkowski, H. Hawkins, A. Petrucelli, M. Mascarenhas, J. Yacovelli, L. D'Aluzo.

Fairfield College Preparatory School

Student Government

Minutes of the Meeting

January 7, 1967

1. Motion that student representatives must speak to their classes each week before the meeting concerning those matters that the members of the class want brought before the Student Government. Passed.
2. Motion that the Finance Committee work on methods of improving the state of the government treasury, especially with the cost of publishing the social schedule imminent. Passed.
 - a. The possibility of a raffle and other ideas were briefly discussed.
3. The social schedule will be published as soon as certain dates are made definite concerning dances.
4. The up-to-now dormant Organization Committee should be quickly reactivated to:
 - a) check effectively on absenteeism
 - b) make sure that government committees are functioning effectively
5. Motion that individual representatives collect grievances from their classes to aid the Grievance Committee's operation (see Motion 1 above). Passed.
6. Next week's meeting is a "must" for all members.
 - a) Chronic absentees will be purged and replaced.
 - b) Each of the Government's committees has work to be done. Representatives must be assigned to a committee so that they can truthfully be said to be participating, active members of the organization.
7. The Food Committee will meet with Szabo next Tuesday.
8. Motion that the students in McAuliffe Hall who, under present policy, are not allowed to study in the cafeteria during lunch be allowed to use a vacant classroom for study. Passed. The possibility of changing the present policy will be investigated.

CHRISTIANITY IN ACTION / honest to god

"Whenever two or more are gathered together in my name, I will be in their midst." Christianity as practiced at Prep this year was informal, imaginative, and spontaneous. At odd hours of the day, or night, tiny groups met here and there with Father Canning and Father Lewis for Mass, discussions, pizza-parties, snowball fights, etc. Activities were usually unplanned, but enthusiasm was so great that

the results were almost always successful, though often unexpected. Fifteen Juniors and Seniors celebrated Christmas by caroling at Hillside Home for the Aged. Students took part in numerous interfaith meetings. The Tutoring program increased its scope and a Big-Brother program was initiated. All in all, the accomplishments were not earth-shattering or awe-inspiring—just plain Christian

PREP KEY

Key members included: A. Alves, J. Barrett, W. Boczkowski, R. Buccino, J. Canavan, P. Chodan, T. Cooney, C. Coughlin, R. Cox, M. Crosson, A. DePanfilis, M. Farrell, W. Fitzpatrick, M. Frazier, F. Halas, R. Horodeck, D. Hussey, K. LaPenta, V. Lau, D. Leopold, C. Love, R. O'Connell, S. Paduano, D. Passeri, L. Petterson, J. Rovito, J. Russo, J. Shukie, J. Smith, M. Smith, E. Tompkins, W. Wilson

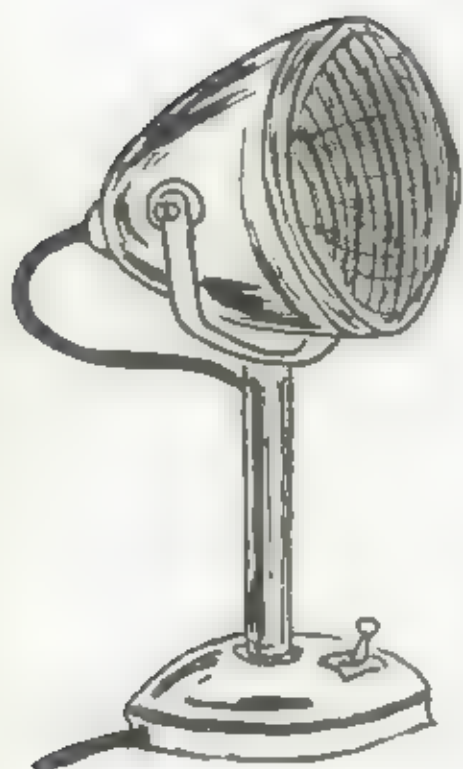

For many, the name "Prep Key" brings to mind the Victory Dance and/or a crowd of cranberry jackets at the Mass of the Holy Spirit. Largely unnoticed, though, the Key played an important part in a number of school functions, particularly those involving the public. Members shepherded mothers and fathers through the corridors of McAuliffe and Berchmans on Parents' Nights and did the same for area students at the Prep-sponsored College Afternoon (with marked enthusiasm, in fact, since Lauralton, Cathedral, etc. were represented). On the foggiest morning of the year—and a Saturday at that—some thirty members somehow made it to school to proctor the Entrance Exam.

Naturally the highlight of the year was "Victory '68—A Psychedelic Celebration". An MBIAC championship and a Thanksgiving Day victory over Stamford provided the impetus for the biggest blast in Prep's recent history. An unbelievable crowd of almost two-hundred couples danced to the Boss Blues in the op-slopped cafeteria. The Victory Dance alone would have been enough to make the reign of Jim Barrett and John Canavan a success.

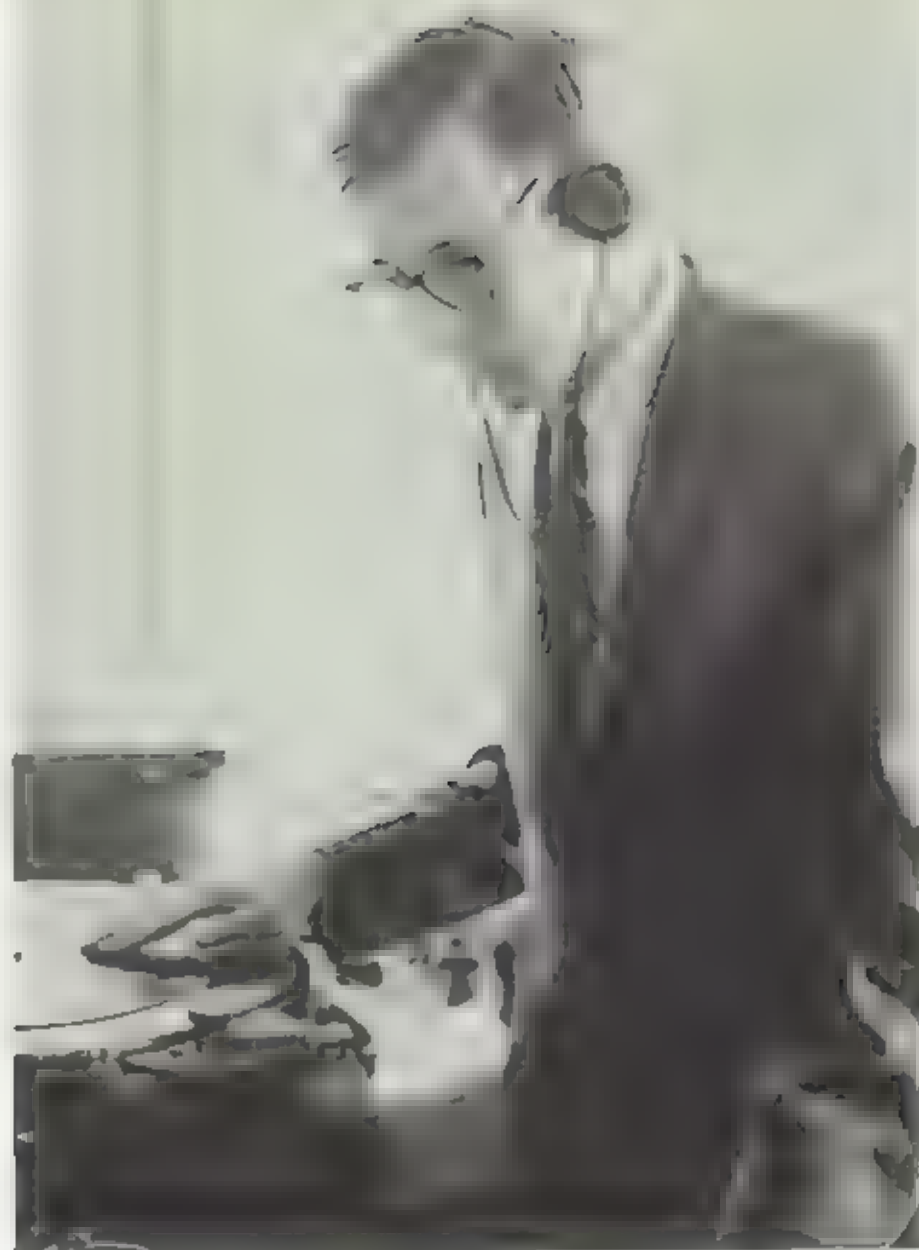

A Psychedelic Celebration

RADIO PLAYSHOP

Members included R. Anderson, J. Bufalino, R. Collum, D. Dennehy, J. DiCamilo, T. Drula (president), J. L. L. MacCalla, A. Malafonte, W. Miller, G. Muneo, J. Moya, K. Nelson, D. O'Keefe, P. Radman, J. Santore, T. Shippam, M. Sufano.

As in the past, the Radio Playshop continued to be one of the most anonymous organizations at Prep. After all, what could one do in that little, equipment-crowded cubbyhole across the hall from the acrid, fuming Chem Lab? Not even the faculty seemed to acknowledge its existence, for they converted to a lounge a former studio room. But anonymity does not imply inactivity. Mr. Ondeck and his group soon installed microphone jacks in the wall of the lounge, thus regaining their studio. Consoles mixed the hum of turntables, the reeling of tapes, and the cackle of voices into something much like the radio plays of by-gone days. To keep up to date, the members traveled to the studios of WNAB radio and there witnessed the practice of professional procedures. It should also be noted that the Sportscasters are indebted to the Radio Playshop for the use of a console which powered the public address system during the last 2½ game of the football season.

ART CLUB

The Art Club was inevitable. When a school has both a Paul Jones, S.J., and a McAuliffe tower that just begs to be used as a studio, the results are quite predictable—canvasses strewn all over, bright splashes of paint, broken sketching pencils, and a few genuine works of art. Himself an artist of considerable, if rather unusual, talents (any Prep dance without an original Jones creation is a disappointment), Mr. Jones was apparently quite successful with his pupils. Jim Barrett's sculpture—bearing a definite resemblance to the cover illustration of *Honest to God*—and Wayne Ferris's astonishing copy of the bust of Nefertiti were perhaps the best of the club's creations.

Art Club members were: J. Barrett, J. Benler, E. Bonetti, M. Cichosz, M. Crosson, J. D'Alesio, E. Falis, W. Ferris, D. Grischuk, W. Mahony, E. Petterson, S. Rosen, D. Ryan, W. Wilson.

GLEE CLUB

Members included: A. Levai, M. Crosson, F. Szivos, J. Castignoli, D. Shannon, A. Alves, C. Coughlin, R. Petrone, J. Hayes, J. Shuke, T. Kowalik, D. Iacuzio, J. Barrett, D. Hussey, R. Hall, M. Farrell, J. Mashua, R. Buccino, E. Turecek, T. Holleran, R. Basta, B. Mullins, M. Doherty, J. Legato, R. Mead, J. Pascarella, E. Kiernan, B. Howard

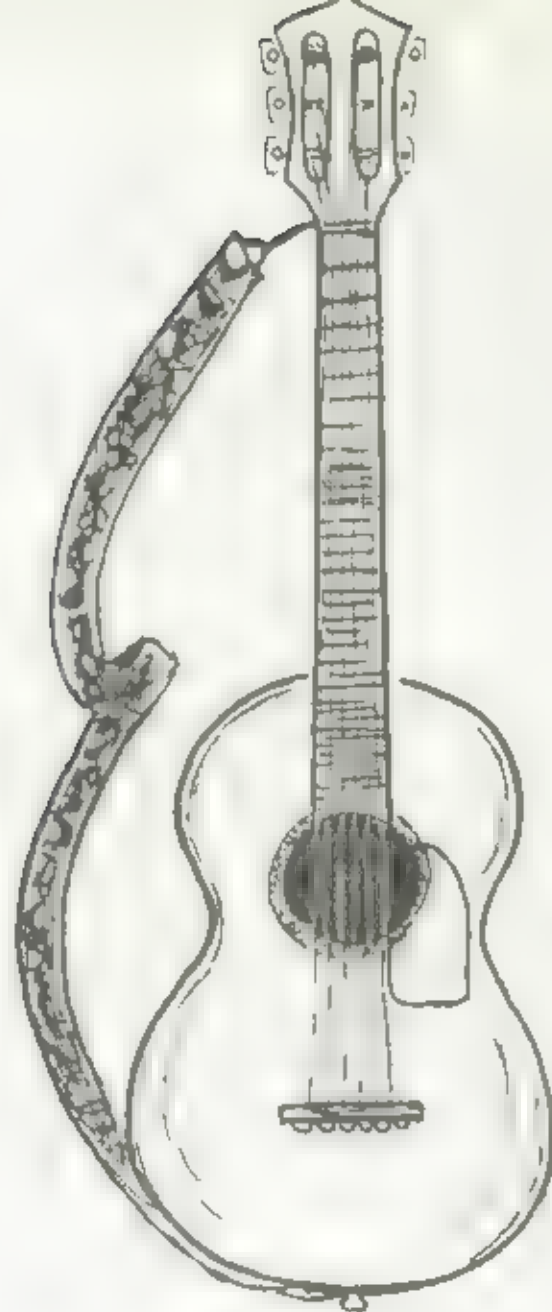

The Glee Club again made the scene at Prep after an absence of about fifteen years. The Club, directed by Mr. "Whiffenpoof" Jaffe, aroused a great deal of enthusiasm, especially among the seniors (so much, in fact, that on one occasion members were jugged until 5.30). At Christmas, the Glee Club made its singing debut. Its repertoire was well received by the students and even by some doubting faculty members (the fact that a large number of us stayed around until the rather informal concert was over, proves that it was a success).

The Club was booked for an Easter concert and also for the Talent Show. Underclassmen look forward to an earlier start and perhaps a formal concert schedule next year. Next thing we know, somebody may stumble on those ancient band instruments hidden in the basement.

FOLK CLUB

The somewhat shabby respectability of McAuliffe Hall was frequently shattered by the pseudo-harmony of the Folk Club. Under the enthusiastic leadership of Prep's leading minstrel, Paul Jones, S.J., the Folk Club sang and played its way to new highs in musical accomplishment. Most of their time was spent arranging folk Masses to be played on First Fridays to the delight and/or dismay of the student body. Unfortunately, their plan for a rock and roll Mass collapsed. The year's musical escapades were high-lighted by the club's trip to a New York folk concert

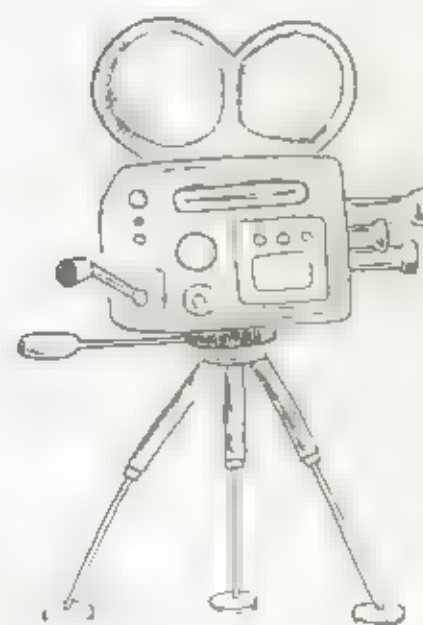

Members included: J. Azar, J. Blanche, R. Cox, R. Doherty, W. Doherty, S. Foley, M. Foley, M. Hawkins, R. Korman, S. Kolbuszowski, B. Kugel, M. Long, J. Mashua, M. Marotto, J. Redgate, L. Reilly, M. Smith

FILM CLUB

Did the fact that the Film Club's meetings were hidden in the physics lab have anything to do with the type of films being viewed? The members claimed that they were showing only travelogues, cartoons, and experimental films. Unfortunately, this was true. Bill Wilson and Mark Graham brought in their original films and moderator Mr. Reboli, S.J., showed a film that he had made about a drug addict. At last report, the Club planned to show a major film production to the whole student body.

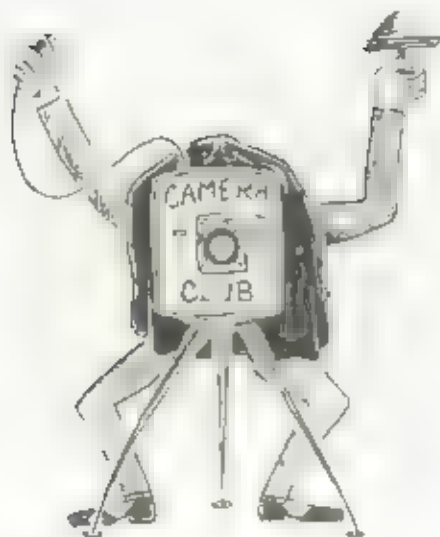

Members included: R. Gordon, M. Graham, B. Bonetti, D. Leopold, W. Wilson, A. Levai, D. Deffey, D. McDonald, W. Vernlli, R. Levai, J. Redgate, M. Quinnhvan, J. Cryan, M. Mahar, E. Zoeller, R. Cox, T. Benefico, R. Duhon, R. Pessavento, D. Lewis, J. Istvan, K. Thompson

CAMERA CLUB

Evidently, there is more to photography than pressing a button and waiting ten seconds. The members of the Camera Club disdained the "easy way" and studied many of the more sophisticated aspects of photography. The downstairs tenants of McAuliffe Tower took particular interest in developing, learning to turn out prints which were quite a bit better than the corner drug store variety. In addition, the club presented slides, film strips, and guest speakers dealing with various aspects of photography.

Members were: J. Bufalini, R. Eugel, J. Istvan, S. Kolbuszowski, J. Lawn, E. Munley, P. Neary, D. Rastelli, K. Thompson.

THE CAST

<i>Jennifer Desmond</i>	CAROL LYNCH

 MR. AND MRS. HARRY A. LEWIS

In the weeks preceding the Dramatic Society's production of *Her Kissin' Cousin*, it seemed somewhat doubtful as to whether Prep was in favor of continuing the year-old precedent of having Roger Ludlowe girls share the roles. At least one letter was published in the *P.S.* complaining that our Dramatic Society was being infiltrated. The controversy was ignored, however, by the director, Fr. Robert Draper, who realized that, given the opportunity, some Prepsters will complain about almost anything.

The play itself was a huge success. The Prep-Ludlowe alliance resulted in a beautifully-balanced cast. Our side was led by "Best Actor" Tony Clemente, their side by Perry Mallette, who took "Best Actress" for the second year. Plans for the second semester included the production of three one-act plays. Complaints began early in January. "What! No girls?"

[illegible]

Mr. Jakiela, P. Riel, T. Hogan, P. Ward, J. Murphy

CHESS CLUB

P-K4, P-K4; N-KB3, N-QB3; B-B4 . . . Some 40 moves later, or perhaps even 10 moves later, a seemingly restrained individual nonchalantly looks up from the chess board, sadistically leers at his opponent, and simply declares his victory: "Checkmate." A stunned expression of disbelief appears as the trap is discovered and another game lost.

This minor melodrama was a common scene at the tournaments held by the chess club. To sharpen their chess games, members competed against fellow members of comparable skill and finesse in a series of games designed to determine a "grand master." Win or lose, members had a good time exercising their mental dexterity.

Members of the chess team include: T. Hartmeyer, V. Lau, P. Mikan, J. Mojcher, J. Perry, D. Rastelli. Members of the chess club are as follows: W. Bazilchuk, J. Bender, D. Black, R. Card, J. DiCorpo, R. DiFazio, P. DiMenno, T. Donlon, C. Froelich, G. Genes, T. Grace, D. Gresko, R. Guertin, B. Howard, R. Johnson, P. Kleiber, F. Kucharski, R. Kulikowski, S. Lau, R. Levai, J. McDonald, T. O'Connor, J. O'Reilly, P. Ther, C. Vaccare, J. Wasbes, F. Wilson, P. Woolworth, M. Ziburis.

DEBATING

Members in 1965-66: Dan Passeri, S. Kohnz, Bob Baker, D. Lepore, F. Berger, V. DeAngelo, J. Dewhurst, D. L. J. Pinski, W. Strick, F. Kelly, J. Verrill, J. Bruder.

In the fall, chances seemed slight that the Debating Team would even approach its record of the past year. The '65-'66 team had won the state championship and, with graduation claiming all four varsity debaters, no one expected anything more than a mediocre year. Senior Dan Passeri, Junior Bob Baker, and Sophs Vinny DeAngelo and Joe Dewhurst had had little varsity experience. Apparently, there are more important requirements for debating than experience, since the '66-'67 team rolled over all opposition and as of February, appeared to be headed for another championship.

Mr. Kiley's debaters did equally well in four-man state tournaments and two-man national tournaments. The Georgetown and Boston College tournaments were the scenes of the year's biggest successes, as Prep captured trophies in both debating and oratory. Whether the team's surprising showing was mainly due to Bob Baker's enormous ever-expanding files or Dan Passeri's equally prodigious capacity for talking is hard to say. The important fact is that somehow or other they always seemed to win.

SPORTSCASTERS

"Good afternoon, football fans, and welcome to Alumni Field here on the Fairfield Prep campus;" to all those who attended Prep home games this phrase is quite familiar. But probably not quite so familiar is much of the activity in that drab gray booth on the hillside. Two hours or more before game time, assigned members, with the technical assistance of Mr. Oudeck, set up shop, employing a console from the Radio Playshop, a horn speaker from the Physics Lab, wire from any place they could find it, and the fence-climbing talents of certain members. Often they shared their facilities with visiting radio stations from the visiting team's area; always they received advice on pronunciation from the visitor's stands, whose proximity was an occupational hazard. After that last rainy November game, the Sportscasters moved into the gymnasium, where they enjoyed the use of pre-prepared facilities and innovated the announcing of half-time scoring statistics and pre-game music.

Members included: P. Chodan (president), J. Derbyshire, T. Drula, S. Dubuque, G. Kalapos, R. Nolan, A. Picozzi, H. Seat, R. Shields, T. Smith, and S. Szondy.

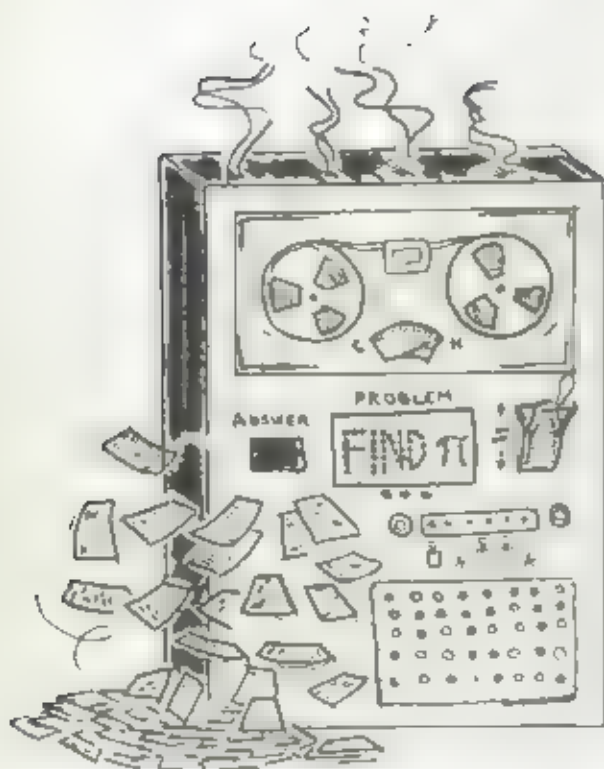

MATH CLUB

"When two dice are thrown in a game, are the odds in favor or against throwing a 7?" This and other problems involving permutations, combinations, probability, matrices, determinants, sines, identities, graphs, and even calculus aroused the interest of the Math Club members. Applications of fundamental theories and equations were explored every week. Fr. Green also aided the seniors in raising their college board scores by means of drill and helpful tips. All in all, the Math Club rewarded its members often with new discoveries in the field of numbers and was certainly more pleasant than the senior math test every Tuesday.

Members include: J. Azar, J. Shaker, W. Ferris, J. Legato, E. Kiernan, R. Sheldon, G. Mehm, J. Devlin, S. Blonder, R. Mead, T. Kowalik, K. Kealy, J. Russo, W. Reid, M. Desmond, W. Zeppenfeld, R. Petrone, J. Castignoli, J. Legato

Members include B. Zeppenfeld, M. Desmond, M. Mastromonaco, T. Kowalik, W. Wright, R. Mead, B. Mullins, J. Hunt, K. Kealey, A. Levai, M. Graham, M. Wolf, C. Vaccaro, G. Hardt, B. Monick, F. Kucharski.

ENGLISH ACADEMY

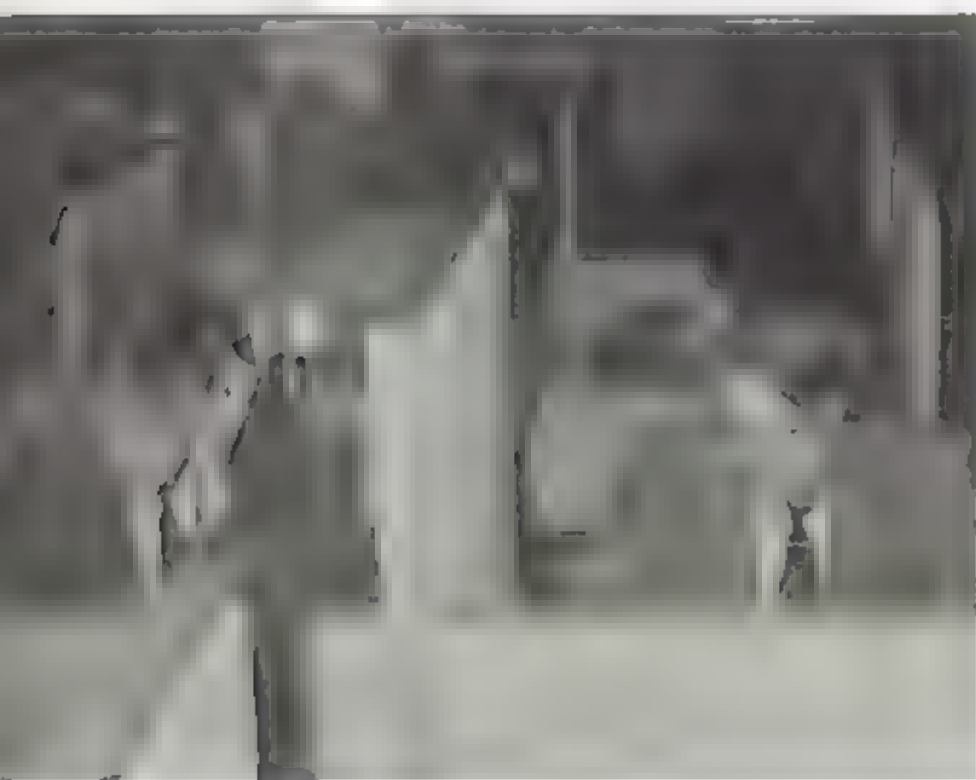

Continuing from last year, the English Academy added another productive year to its study of the many aspects of our language. At the initial meeting in September, the club split into two groups. The majority of the seniors elected to prepare for the English achievement and aptitude tests. Under Mr. Hickey, S. J., the members used "Essays Old and New" for increased reading comprehension and studied Baron's "How to Prepare for College Boards" for vocabulary and grammar work. The rest of the Academy read assorted modern novels during the year such as Hemingway's "A Farewell to Arms" and Steinbeck's "Of Mice and Men." Under Mr. Murphy S.J., the club found an insight to the literature of our century.

Members include: J. Pavlik, A. Petrocelli, D. Falkerson, J. McGuire, R. Klimkowski, C. Coughlin, K. Thompson, M. Mastromonaco, R. Hall, B. Mullins, M. Cellini, R. Buccino, R. Cox, T. Hogan, P. Ward, R. Horodeck, M. Smith, R. Duhon, W. Murray, D. Passeri, J. Tomasi, K. LaPenta, J. Devlin, M. Magnifico, J. Azar, F. Szivos, W. Ferris, M. Desmond, D. Iacuzio, T. Cooney, J. D'Alesio.

GERMAN CLUB

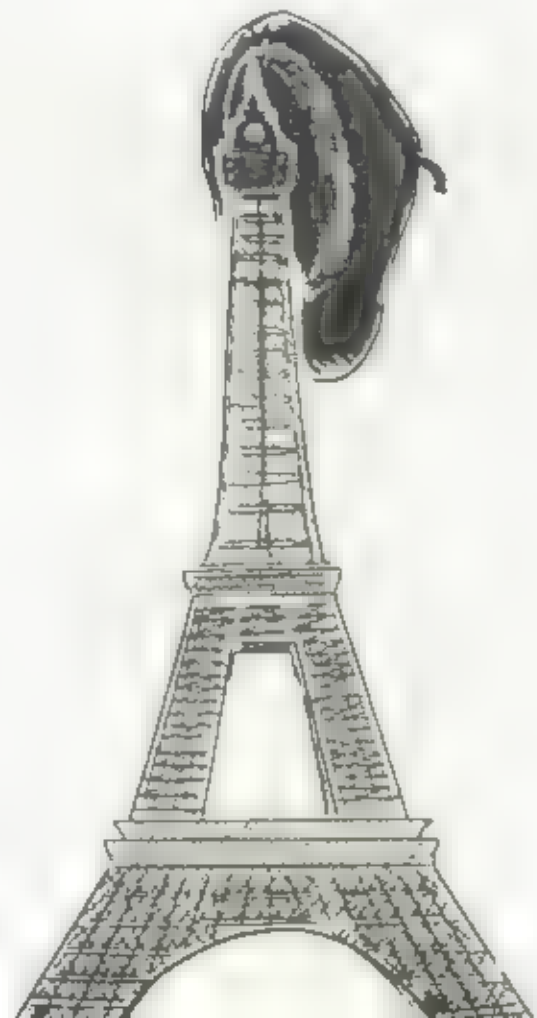

We have all heard the familiar complaint to the effect that Prep's modern language department is hopelessly outdated because it lacks a modern language lab. The German Club was not content to just complain though; Fr. Munzing and company made arrangements to use the University language lab next door in Canisius Hall. Members tried to sharpen their comprehension of spoken German by listening to tapes, prepared by the moderator, dealing with the language, history, and culture of Germany. Hopefully, the members were successful in increasing their fluency. If they were not, though perhaps they might have proved one point—maybe a language lab would not have done us much good anyway.

FRENCH CLUB

Members include. J. Hayes, R. O'Connell, M. Smith, E. Giblin, R. Sheldon, G. Boyd, D. Backus, W. Wilson, A. Benefico, A. Clemente, D. Leopold, B. Kugel, J. Shaker, R. Dalessio, M. Mulvaney, J. Mulry, J. Kohout, D. Kelley, K. Sikorski, J. Phelan, B. Cholko, D. Lynch, H. Hamilton, J. DiFazio, D. Gabriele, W. Henderson

After spending two years in the company of that engaging fallen angel, *Asmodée, le bon petit diable*, the senior members of the French Club took a close look at his home town in Jean-Paul Sartre's *Huis-Clos*. The students, a number of whom had never read further than the cartoons in *Paris-Match*, discovered that serious reading in French is quite a bit easier than they had expected. Many members were not content to take the play merely as a reading exercise; the group often discussed the philosophy underlying the play with Fr. Sproule. No doubt some found Sartre's pessimistic commentary on the death-in-life of Ines, Estelle, and Garcin valuable mainly as a look at contemporary existentialist thought.

Prepsoundings

Vol. 3 No. 1

Fairfield College Preparatory School, Fairfield, Connecticut

October 21, 1966

Sports editor Jim Barrett studies previous edition.

THE BITTER END

This third year of publication marks a radical change in the paper's format and theme. In the past, the **Soundings** has been treated with indifference, and justly so. You, the reader, regarded it as the "voice of the administration", and scoffed at its listless treatment of stale news, its out-of-focus photography, its long-long-long articles, its cautious reserve. You may even have felt that, though the paper was palmed off as **yours**, it was written and **edited** with the faculty and the parents in mind. This year, **your** year, the **P.S.** will change its image. I ask you, if you have borne with me so far, to actually bother to read some of our features. We are after opinion and reaction this year, and our interviews reflect our goal: to print, for everyone to see, the pulse of our school. True, many stories are no longer "news," but stop to consider that every story takes a new and individual slant: sure, there was the traditional mass, but **why was it done that way?** Okay, there've been some changes made, but what does the **faculty** think of them? So you see, we're selecting our subject matter for its uniqueness: the first jug, the Senior hat poll, the guidance program. Then again, we're asking you directly for a statement, a gripe, any sign of original thought, be it rhetorical or incoherent. We mounted a "suggestion" box (I won't use the term "letter" — it implies formality) in the Berchman's cafeteria, and true to form, it was torn from the wall within the week. Most guys won't open their mouths on request because they're afraid they'll wind up with both feet in them. A few notes were received, however, and these have been printed according to the desire of their authors (i.e. . . . no one has been "betrayed"). Also, you might note that the few places where our words have an edge on them (notably, the Letters, News Briefs, and Editorials) are informal and purposely controversial. These interludes were designed to make you chuckle, or be insulted, or leer. Your reactions to things are the news we print. Of course, this entire editorial is based on my assumption that your **desire** to read has gone beyond **Archie**. I know that shredding four pages of newsprint offers remarkable relief from six hours of frustration, but I ask you to devote an additional 15 minutes (or whatever it takes) to scanning the paper, and this means the three **other** pages that accompany the sports page, and becoming acquainted with a staff that is genuinely interested in your attitudes.

R. A. H.

Retreat Misses Mark Through Mishap

By John Hunt, '67

Prep Staggers Bunnell 42-0

HEARTHSTONE

High school publications generally include a few lines to the effect that "this was the year that we determined to be daringly different . . . far superior to any previous edition . . ." The staff of the '67 *Hearthstone* may well have begun in September with a few delusions of grandeur but these perished long before the last deadline on March 1. We learned to accept the fact that we were amateurs and tried to balance experience with enthusiasm. Quite naturally, as the final deadline approached, we gained quite a bit of the former while we lost some of the latter. The agony which precedes the ecstasy, we discovered, would often entail the loss of a Sunday afternoon or a few illusions of grandeur but these perished long before the last deadline on March 1. We learned to be monumental—only exceeded by the fun we had when we should have been working or worrying. We discovered that Gold's pastrami was a great antidote for all kinds of worries. Snowball fights and insults also served the same purpose, as did Pete's super ball (before it fell between the partitions). We do not pretend to have published a classic, but only hoped to accomplish what we set out to do—to *publish a sincere record* of what we hope has been a *rewarding year for all of us*.

athletics

Kneeling: A. Ross, P. Hays, I. Shike, T. Tukey, M. Smith, K. Doyle, C. Froelich, S. Lefrano, G. McCann, B. Williams, E. Tompkins, J. Castiglioni. Standing: Mr. Merhan, Mr. Sikorski, T. Reilly, A. Lacerenza, E. Kovacs, G. Boyd, K. Murchan.

R. Gulish, J. Arbarato, D. Revenagh, T. Lyddy, W. Boczkowski, M. Sulzyk, F. Lasterborghis, R. Connolly, K. Malrinnan, B. Connolly, R. Bazzu, F. Jackem, E. Bronski, C. Coughlin, M. Welt, D. Fagan. Mgr. J. Shukie, Mr. Lavery.

The Prep football team opened the season amid heralded pre-season predictions. With the majority of last year's fine MBIAC title club intact, Prep's fortunes looked good. After a sluggish start, the Jesuits rolled to a 7-2-1 slate, and co-championship of the MBIAC. They also concluded the season as the number ten team in the state according to the New Haven Register poll. In barnstorming to their highly successful campaign, the Laverymen racked up 211 points, while limiting their opponents to 98. Riddled by injuries, the team was frequently forced to rely on a strong bench. Credit must go to head coach Earl Lavery and his fine staff for their excellent tutelage and guidance. Co-captains Bill Boczkowski and Tom Lyddy must also be commended for their exemplary team leadership. Once again, Fairfield Prep has proved its gridiron supremacy.

SECOND CONSECUTIVE MBIAC TITLE

The Prepsters opened the season against a surprisingly good Bassick High football squad. Led by lanky scatback John Godbolt, the Lions raced to an early lead, and then staved off a determined Jesuit comeback in the final stanza. Skip Boyd tallied the only touchdown of the day, as the Prepsters went down to defeat, 20-8.

John F. Kennedy Stadium was the scene of the second game of the season, as Prep opposed Central. The Laverymen struck for two quick scores, and then hung on to a close 14-8 verdict. Following a poor Hilltopper punt, the Jesuits took charge, and marched methodically downfield for the touchdown, with Skip Boyd plunging over from two yards out. After the Prep defense again held the North Enders in check, quarterback Pete Halas capped the day's scoring by sneaking over from the one-yard line.

A week later against the North Paraders of Stratford, the Prep offensive machine finally seemed to jell. Led by sophomore signal-caller Brian Connolly, the Jesuits raced to a 24-14 victory. Skip Boyd romped for two touchdowns, while Tom Turey and Vic Lacerenza, the latter via a 12-yard pass from Connolly, added one apiece.

The always keen Prep-N.D. rivalry was once again renewed on October 8—a game which saw the Jesuits outshine the Lancers in every department except on the scoreboard. Prep's defensive corps, headed by Bill Boczkowski, Craig Froelich, Tom Lyddy, and Mike Smith, rose to the occasion and limited the powerful Lancer offense to minus-yards rushing. The Jesuit offense was equally impressive, but its last minute bid for victory was thwarted by a fumble, and the team was forced to settle for a disheartening 0-0 tie.

Earl Lavery's charges racked up their third victory of the season at the expense of Jonathan Law's previously undefeated football squad. Sparked by the brilliant performances of Brian Connolly and Vic Lacerenza, and a tenacious defense, the Prepsters steam-rolled to a 30-6 win. Quarterback Connolly threw two TD passes to Lacerenza and Tom Lyddy, and scored one himself on a one-yard sneak. In addition to his touchdown catch, Lacerenza intercepted a Law pass and lumbered 35 yards to paydirt. Craig Froelich added the other points on four straight placement kicks. The victory left little doubt as to who was tops in the MBIAC.

Getting yardage the hard way

Mark Sulzycki bolts around left end.

The aerial artist

Prep journeyed to Boyle Stadium for their next contest, but ended up on the short end of a 38-6 score. In Stamford, the Jesuits encountered a great Rippowam squad, led by All-State halfback Bob Valentine. At first, the Prepsters really seemed to have the momentum going for them, as they drove twice within the Warrior 30-yd. line, before surrendering the ball. Then, all hell broke loose as Rippowam picked off three consecutive Jesuit passes, and ran them back for touchdowns. Down by 24 points at halftime, the Laverymen tried valiantly to make a comeback, but all they could manage was a ten-yard scoring pass from Connolly to Mark Sulzycki.

Undaunted by the previous week's loss, the Prepsters roared back with a convincing 40-0 win over Harding. Dave Revenaugh was the big gun in the Prep attack, as he romped for three touchdowns. His backfield counterpart, Steve Pachano, also scored on a 4-yard gallop. The Prep defense stole a page out of the Rippowam book as Froelich and Bob Gulash picked off one enemy aerial apiece, and returned them for TD's.

Milford's Indians became Fairfield's fifth victim, as the Jesuits scalped them 26-0. Tom Turey was a one man show, and he demonstrated his running prowess brilliantly on touchdown runs of one, two, and eighty-five yards. Brian Connolly contributed the only other score of the day. An aroused Prep defense continually thwarted any Milford scoring opportunities.

Brian Connolly.

Revenge was the keynote of the Bunnell contest, and the Prepsters more than redeemed themselves for last year's upset defeat by crushing the Bulldogs, 42-0. Offensive standouts for the Jesuits were: Dave Revenaugh, who scored two six-pointers; Tom Turey, who scampered for a pair of TD's; and Mark Sulzycki and Tom Lyddy, who garnered one apiece. The victory clinched a tie for the MBIAC crown.

Thanksgiving Day 1966 was exceptionally pleasant, for Prep's gridiron giants completed the season with a 21-14 victory over traditional rival Stamford. Dave Revenaugh opened the day's scoring with a 7-yard dash to paydirt. Midway through the third period, Connolly found veteran end Vic Lacerenza in the end-zone for a 14-yd. scoring toss. The Black Knights roared back to within one point, but Tom Turey put the game out of reach with an electrifying 85-yd. kickoff return. Following the game, senior end and co-captain Tom Lyddy was named as recipient of the Edward P. McCarthy trophy, awarded to the outstanding Prep player in the game.

Afterwards, Tom Lyddy was named to the All State team, as well as being chosen for the All-MBIAC squad, along with guard Bill Boczkowski, and center Arnold Rossi. Tom was also selected as a member of the All-Prep and Catholic All-American teams. These selections emphasize more strongly the fine caliber of football that is played here at Fairfield Prep.

The J.V. squad, under the tutelage of Mr. Larry O'Toole, completed their fall campaign with an unblemished record. Victories over such formidable foes as Rippowam, Stamford and Notre Dame highlighted the season. Many of these fine underclassmen can be relied upon to fit into next year's varsity picture.

W-6 L-0

W-0 L-4

Coach Sean Meehan's freshman football team displayed a spirit that was hard to equal. A short schedule allowed for maximum time in teaching the yearlings the fundamentals of Prep football. With a year of playing experience behind them, these first year gridgers will undoubtedly show rapid improvement.

Coach Sean Meehan gives final pre-game instructions to his freshman ballplayers.

Kneeling: F. Ockman, J. Eckart, R. Sheldon, E. Cots, W. Fitzpatrick, J. Fitzgerald, I. Lawn, Standing: J. Kenney, M. Fuvell, K. Alexander, W. Henderson, J. Pines, J. Lator, M. Wrinn. Coach Bob Mastroni

HARRIERS FINISH STRONG

Coach Mastroni receives the Town Championship trophy.

In his first year as coach, Bob Mastroni directed Fairfield Prep's harriers to one of their most impressive seasons in years. Even though the team completed the regular campaign with a 2-4 slate, they won both the MBIAC and Town of Fairfield meets, thus making the season most worthwhile. Mr. Mastroni's constant surveillance and encouragement added much fire to a team that had ended the 1965 campaign without a victory.

In their initial meet, the Prepsters lost to Stratford by the close score of 26-29. After another defeat, the Jesuits began the arduous workouts for which they became famous. Their hard work paid off though. For in the next meet, the Prep harriers demolished the Milford Indians, as Ed Cots, Bill Fitzpatrick, and Bill Henderson sprinted across the finish line in a three-way tie for first. Their next contest was the most heartbreaking—the Jesuits again lost to Stratford, but this time by a single point. Another loss to Bunnell, and repeat victory over Milford concluded the regular season.

Town Champs: Coach Mastroni, J. Burns, E. Cots, W. Fitzpatrick, W. Henderson, J. DeAngelo

Then began the preparation for the two most important meets of the year. Even though the Prep runners had not beat either of the MBIAC co-champions, Bunnell and Stratford, they still felt they could win the big meet. Their determination led them to victory. In the varsity race, Prep garnered five of the twelve medals. Ed Cots, in the greatest run of his high school career, placed second, a few steps behind the winner. Other medal winners were: Bill Fitzpatrick—4th, Bill Henderson—7th, Jim Paules—11th, and Joe DeAngelo—12th

The triumphant harriers also swept the Town meet, entitling them to a trophy as big as their coach. The consistent trio of Fitzpatrick, Cots, and Henderson finished 3rd, 4th, and 5th respectively, while DeAngelo took 7th and John Burns 8th

The Junior Varsity squad was equally amazing as they completed the 1966 campaign without a defeat. With the returning lettermen, plus the strong J.V. contingent, Prep's outlook for next year's team is very bright

Kneeling: M. C. ... A. ... W. Murray. Second Row: J. ... J. ... F. Tortora, E. MacCalla, D. Sammarco; Third Row: W. Zoeller, J. Kristy, A. Petrucelli, R. Wendel, M. Fusco, J. Crvan

CHEERLEADERS

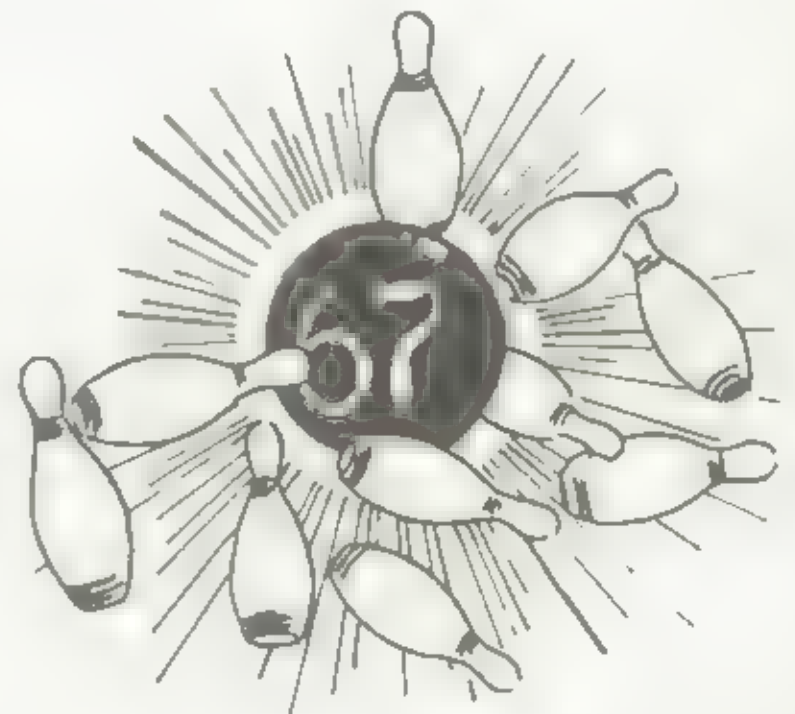

The cheerleaders, under the direction of Mr. Louis Sarocco, have led Prep to another championship in school spirit. Through the efforts of this iron-lunged group, tremendous enthusiasm has been instilled in the heart of the student body. Although often tortured by raw throats and blistered hands on autumn afternoons and winter nights, their efforts never flagged. Even in the agony of defeat, these young men never lost heart and never permitted either players or spectators to despair. Truly emphasizing that Prepsters "never say die," the cheerleaders are as much a part of Prep's spirit and victories as the ball clubs themselves.

First Row: S. Blonder, Fr. Green, F. LaRocca, Second Row: J. Duddie, T. Tedesco, D. Gorlo, E. Kerwin

KEGLERS STRIKE OUT

This year's bowling squad, under the tutelage of Father Green, completed the MBIAC season in fourth place. The team's poor finish, however, was somewhat deceiving, since many of the losses were by very close margins. Highlighting the year was a record-breaking victory over Harding. Captain Scott Blonder and senior teammate Ed Kerwin both posted averages in the 170's. Junior John Duddie, who promises to excel on next year's team, was also one of the squad's mainstays. Credit must go to Father Green and his spirited keglers for their tremendous enthusiasm towards this, one of the least known of all interscholastic sports.

WON: 36 - LOST: 18

MERMEN COME CLOSE

Prep's strong swimming team, coached by Dave Speno and assistant Bruce Jaffe, captured second place in the MBIAC loop. The mermen also extended their MBIAC unbeaten streak to twenty-four consecutive victories before dropping a heart-breaking 46-49 decision to the eventual league champs, Milford.

Coach Speno directed his spirited contingent against some of the finest scholastic teams in Connecticut, and although the mermen came out on the short end of the score more often than not, the experience gained was invaluable.

Rigorous practices and keen competition allowed for several records to be broken during the course of the season. Senior co-captain John Smith established an MBIAC and school mark of 1:44.7 in the 160-yard Individual Medley, while Chuck Berke, a great freshman prospect, set a school record in the 100-yard Butterfly with a time of 59.9 seconds.

With many fine underclassmen, such as Pete Brawley, Frank Barron, Bob Gulash, Bob Hayes, and Jim Paules rising from the ranks, Prep's swimming future appears more secure than ever before.

CAGERS CLINCH MBIAC TITLE

It all started back in early November when the steady thump-thump of basketballs was first heard within the hollow confines of the University gymnasium. While almost everyone's attention was focused on the heroics of the rampaging gridiron squad, a small group of earnest young men, guided by one dedicated Government teacher, busily prepared for the forthcoming season.

The outlook for the 1966-67 Prep cagers appeared somewhat bleak. Practically the entirety of last year's hoop squad had been depleted by graduation, and there was but one lone senior on the team. Most observers felt that, despite a wealth of prospective talent, the Prepsters lacked the height, and that all-essential ingredient—experience—to be of championship caliber. The Jesuits were thought to be a year away from reaching their true potential. "Wait 'til next year" was the consensus of opinion. The players however, inspired by their hard-driving mentor, were not content to wait a year, and they set out to disprove the predictions of the so-called "experts." What they did, and how they accomplished this feat is now recorded history.

The height problem was more than compensated for by fine outside shooting, a tenacious defense, and great team hustle. Pat Foley and Jim Fitzsimmons displayed some of the finest outside marksmanship witnessed at Prep in recent years. Junior jumping-jack Tom Bukowski handled himself remarkably well against the best of the area's tall men. Flashy guard Bob Cholko ripped open opposition defenses with snake-like drives, while ice-veined Tom Lyddy proved to be a steadying influence with his experienced ball-handling. And on the bench sat seven eager and highly capable reserves, who got the job done when the necessity warranted it. But undoubtedly the most important key to the success of the hoopsters' amazing 17-1 record was their tremendous team spirit. For it was this great enthusiasm and the team's ability to play well together that spurred them on to their finest season ever. Prep feels justly proud in saluting the achievements and spirit of the basketball squad.

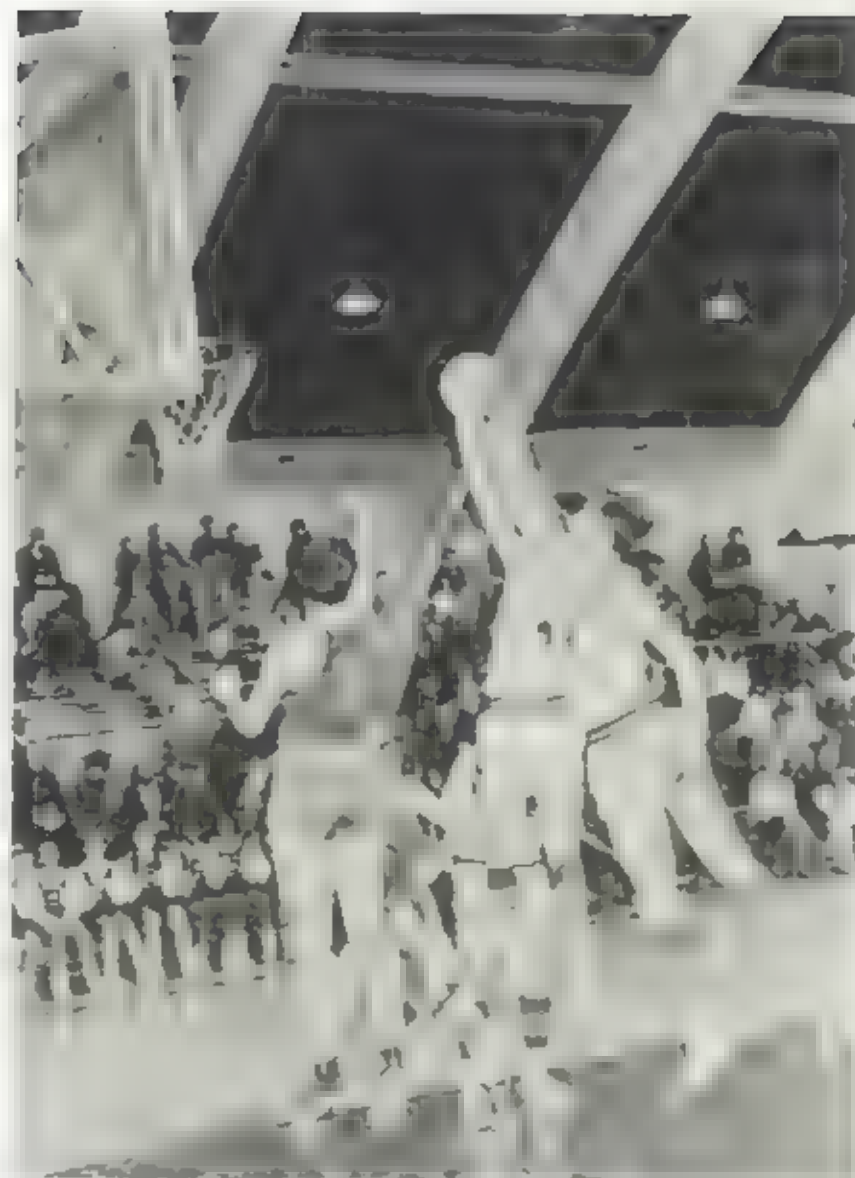

Pat Foley drives in for the lay-up.

Tom Lyddy flips in a bucket.

The Prepsters opened the campaign against Staples, a new intertown rival. After shaking off some early game jitters, they rolled to a 70-59 victory. Next on the schedule were the Hiltoppers of Central—the pre-season MBIAC favorites. Balanced scoring and a diligent defense paid off in a hard fought triumph. Milford's Indians were next in line to fall prey to the Prep machine, as they succumbed by an 83-60 score. Then, on December 23, a very tough Harding hoop squad invaded the Prep gymnasium, and departed with undoubtedly their sweetest Christmas present of all—a 54-53 decision over the home team's valiant but out-gunned forces. This setback proved to be the only mar in an otherwise perfect season.

Bunnell and Jonathan Law fell before Prep's onrushing cagers, thus setting the stage for the all-important conference clash with archrival Notre Dame. The Lancers entered the contest with an unblemished record, and were seemingly headed toward another one of their fine seasons. The Sylvestermen had other ideas however, and they trounced the Lancers 79-64. From thereon in, the road was all downhill, as

The battle of the boards.

Bob Cholko drives for two.

the Jesuits reeled off eleven consecutive victories. Highlighting this skein was a 73-62 romp over Central, a pulsating overtime battle with Harding, and a thrilling 53-52 conquest of Notre Dame on Bobby Cholko's last second shot.

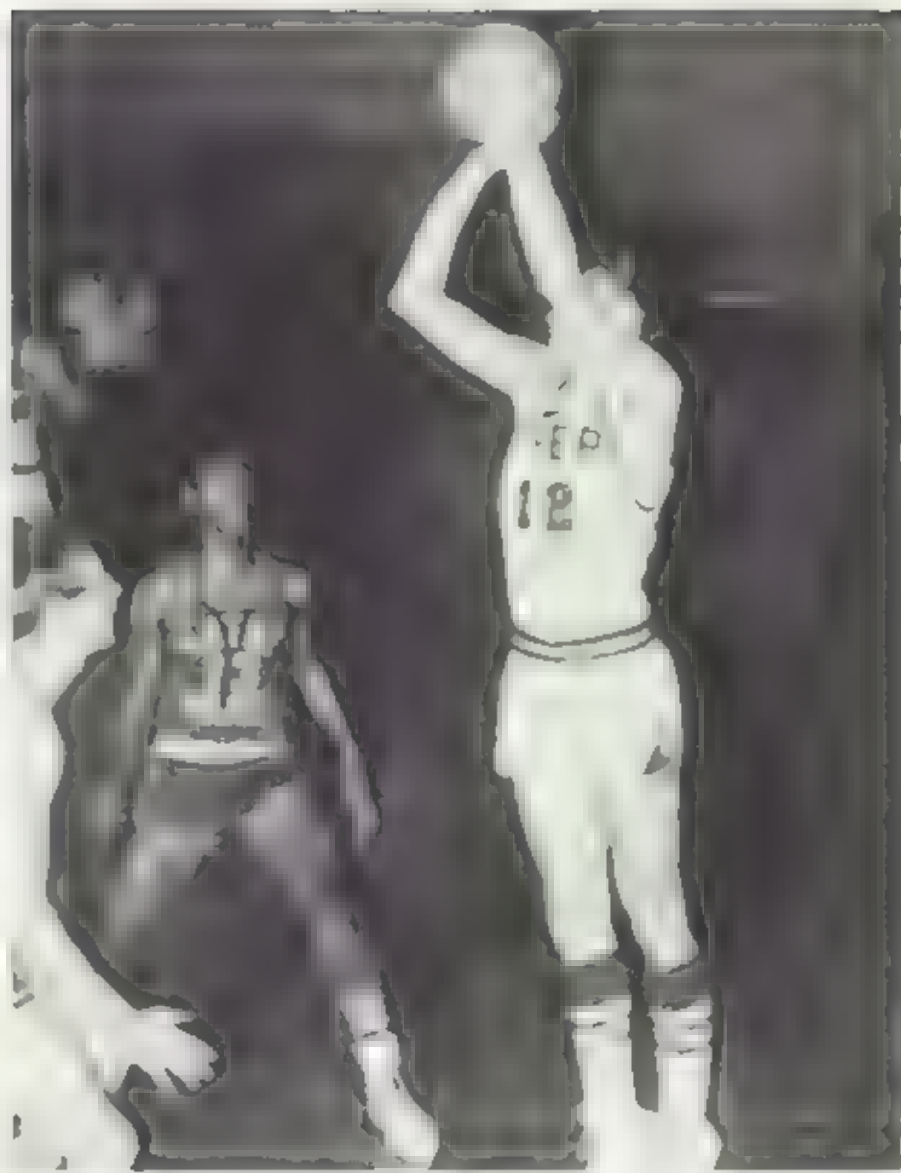

The regular season has concluded, but the Prepsters have much to look forward to: A number one rating in the upcoming CIAC Class "L" state championship tournament, and—next year—the return of its entire starting team plus all of the top reserves, with the single exception of Tom Lyddy. The future of Prep basketball is in very capable hands.

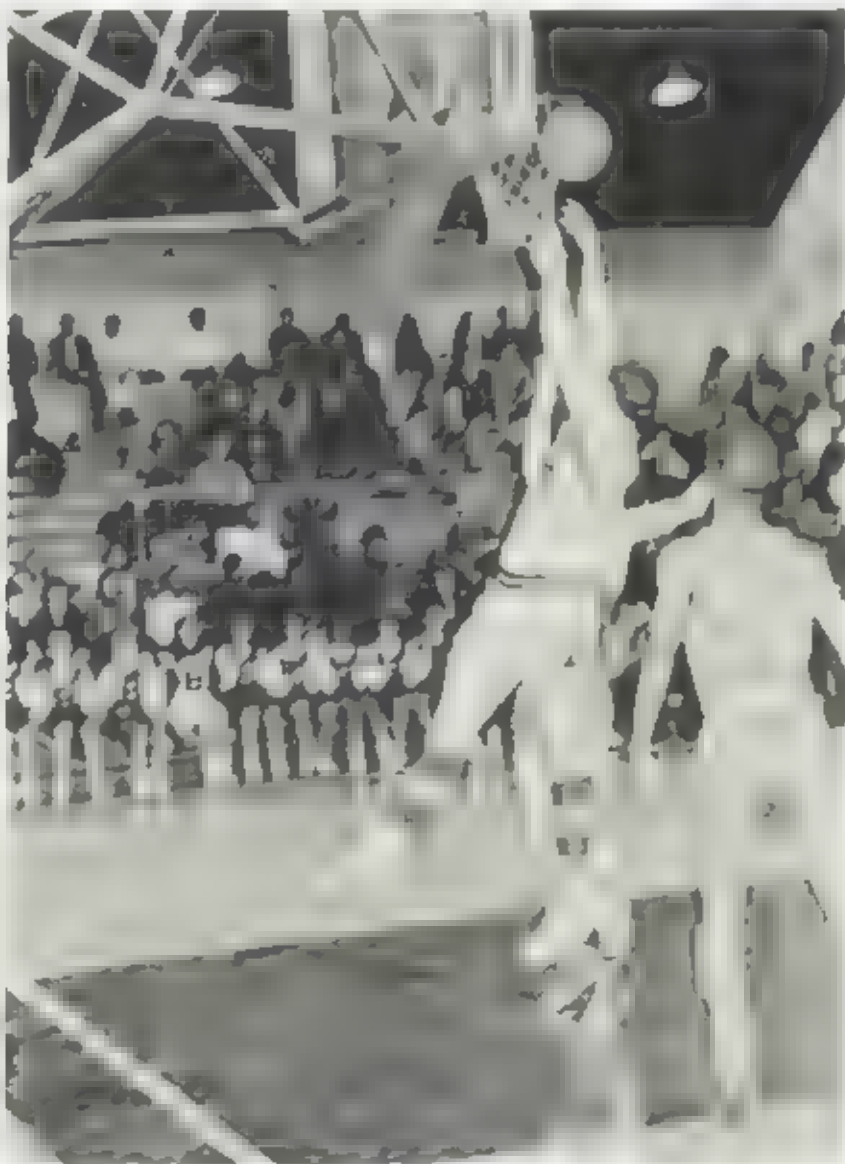

Tom Bukowski ups it.

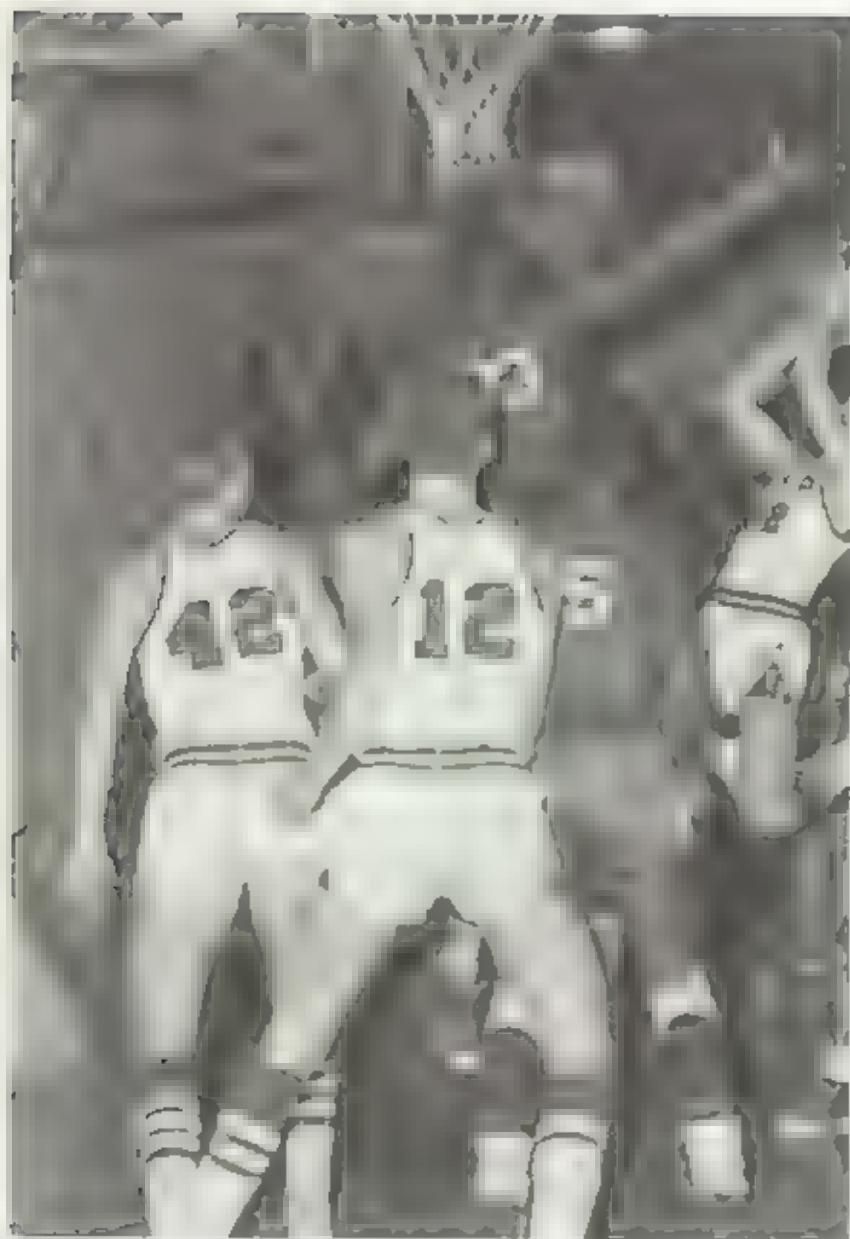

Up for grabs.

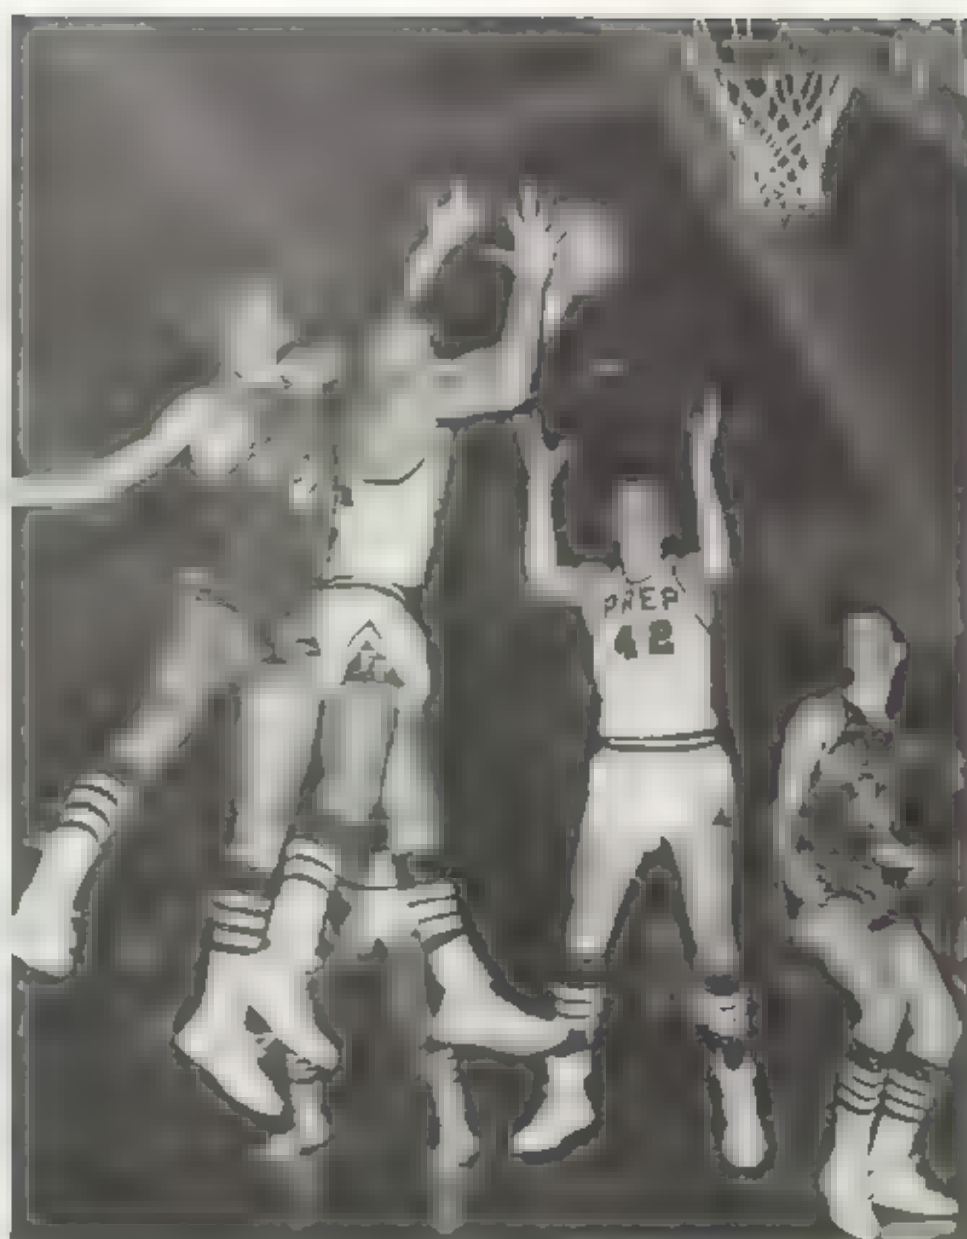

Pat pops.

Tommy won't be denied.

Bobby shows Central his style.

Fitz plucks off the rebound.

Harold Smith hoops one.

LINKSMEN STRIVE FOR GLORY

The 1967 edition of the Prep golf team will be out to improve on last season's second place MBIAC finish. In their quest, the linksmen will endeavor to dethrone the Bunnell Highlanders, who copped last year's title.

With four returning lettermen, Scott Blonder, Bob Day, Vic Lacerenza, and Mike Smith, all of whom shoot in the high seventies or low eighties, the prospects appear very good. A battle for final berths on the squad will ensue among numerous prospective candidates.

Under the direction of Mr. Roger Ratchford, who is a fine golfer in his own right, the Preppers should more than hold their own on the links this season.

NETMEN EYE THIRD TITLE

Prep's 1967 tennis team will be fighting for both its third straight MBIAC title and its third consecutive undefeated season. The squad has both the strength and the experience to accomplish these feats. Chris Love, the number one singles player in the MBIAC, and Rick Castaldo are the returning seniors. Also back from last year's championship team are juniors Bill Henderson and Tom Stumbris, and sophomores Valentine Dowd, Pat Dowling, and Larry Kapp. The prospects for this year's netmen are indeed promising.

First Row: L. Kapp, C. Love, W. Henderson, Mer. C. Froelich. *Second Row:* V. Dowd, P. Dowling, R. Castaldo, T. Stumbris.

DIAMOND PROSPECTS LOOK GOOD

In Mr. Sikorski, the Prep baseball team will be playing under its third coach in as many seasons. For the past two years, the Jesuits have fought their way to the semifinals of the state tournament before bowing to the eventual state champions.

In what may be termed as a rebuilding year, Coach Sikorski is confronted with the task of replacing the members of last year's MBIAC championship squad who were lost through graduation. Two thirds of last season's stellar mound corps, John Delaney and Mike Farrell, return to assume the hurling chores. The "big bat" remains in the lineup in the person of Tom Lyddy. Jim Mulry, a junior with a year of varsity experience behind him, should be the keystone of the Prep infield. With all of the other positions yet to be filled, defense remains a question mark. However, any weaknesses should more than be offset by the team's scoring power and fine pitching staff.

Juniors Jim Mulry and Mark Sulzycki talk things over with new baseball coach Joe Sikorski.

Kneeling: E. Cots, Mr. Meehan, A. Rossi. Second Row: J. Rossi, S. Padavano, R. Weglinski, W. Wright, D. Frigon. Third Row: J. Eckart, J. Hulis, T. Cooney, M. Mastroianni, W. Fitzpatrick, W. Boczkowski, J. DeAngelo. Absent: C. Boyd, B. Kelley, R. Sheldon.

TRACK TEAM SPARKED BY LETTERMEN

With practically the entirety of last year's team returning, Coach Sean Meehan can look forward to a fine season in track. Even though the 1966 squad won only two meets, many of the underclassmen showed great potential near the tail end of the season.

Some of last year's standouts who can be counted on for fine performances are: Skip Boyd and Rick Weganski in the sprints, Ed Cots, Bob Gulash, and Joe DeAngelo in the distance events; Bill Boczkowski and Arnold Rossi in the weight tosses; Tom Cooney in the broad jump; and Mike Wolf in the high jump.

INTRAMURALS

The Prep intramural program, under the direction of Mr. Jakiela and Mr. O'Toole, has been a fine source of enjoyment and experience for many students. Participants in the program have displayed overwhelming enthusiasm in helping intramurals to become a tremendous success.

A wide variety of sports activity is offered—beginning with touch football in the fall, followed by basketball during the winter months, and concluding with softball in the spring. Teams in the intramural league are formed on a voluntary basis, thus enabling members to play with their own friends. This method also permits teams to assemble the best talent available.

The intramural program has also proved to be a springboard for potential athletes who lack either the confidence or the maturity to play on an interscholastic squad. This is exemplified by the fact that quite a few of Prep's J.V. and varsity basketball players have graduated from the ranks of the intramural program. Once again, Prep intramurals have proved to be an invaluable asset to the sports curriculum.

SCOREBOARD

FOOTBALL (7-2-1)

8 Bassick	20
14 Central	8
26 Stratford	4
0 N.D.	
30 Law	0
6 Rippowam	0
40 Harding	0
26 Milford	0
42 Bunnell	0
21 Stamford	0

The athletic season 1966-1967 is one that will long be remembered in the annals of Fairfield Prep history. It all started back in late August when the Jesuit eleven first began getting into condition for the rapidly approaching fall campaign. The result of their toil and sweat is now history—a 7-2-1 record and the MBIAC championship for the second consecutive year.

Not to be outdone by their heavier but less speedy fall sport counterparts, the Prep harriers, spurred on by a slave-driver coach and an overwhelming desire to win, raced to one of their finest seasons in recent years.

And how about the Prep swimmers? One can only speak of them in terms of the superlative. They ran roughshod over all but one of their MBIAC foes, and more than held their own against some of the best teams the state had to offer.

The hoop squad was simply sensational, as they surprised everyone but the bespectacled coach who guided them to their amazing 17-1 record. Nothing short of the state championship can seemingly halt the Prep basketball express.

The spring outlook? All four teams are blessed with a wealth of talent, highly capable coaches, and should fare well against their district opponents.

The preceding twenty-five pages have attempted to portray the Prep sports scene as it truly is. The success of the athletic teams is indicative of what kind of school Fairfield Prep is—the best. To the coaches, managers, loyal supporters, and particularly to the players themselves, we of the *Hearthstone* salute your efforts.

WHAT MAKES A UNIVERSITY

????

buildings? They keep out the rain—and that makes reading non-teflon pages easier

beauty? Campus queens and lawns for lounging are rated high by most students
Architecture and scenery were considered important adjuncts of contemplation by founders of monastic study centers.

posture? Walking with balanced books on one's head is not quite as important as one's position in regard to truth—all truth: one can face reality squarely even lying on the floor

diversity? Consensus society is only a hooveslap away from homogenized milk.
Basic agreements and beliefs help but new answers to the changing human condition are found only in the clash of differing backgrounds and personalities, and the never ending search for the pertinent questions.

people? Professors, even administrators, and frequently students are people
People are the heart of the play just as were Becket, St. Thomas More or the Fiddler on the Roof

JOHN CARROLL UNIVERSITY

Your yearbook is one of the chief ways you have to remember your days at Fairfield. But your graduation is also a beginning. It is a new start toward a new life. If your new life includes a college education, make the Jesuit tradition of John Carroll University a part of your plans. And too, as you look through your yearbook when you have children of your own, John Carroll can provide the same new start for them with a value-rooted college education. Write: Dean of Admissions, John Carroll University, University Heights, Cleveland, Ohio 44118.

CONGRATULATIONS CLASS OF 1967

Our compliments on an important milestone in your life— your high school graduation.

Some of you will be going on to further educational experience. Others will be entering soon into a business career.

Whatever your plans, we are very much interested in talking with you about opportunities with Warner's now or in the future.

So, come and see us soon. It could make an important difference in your future.

Education with
An Accent
on the
individual student

This scene is not unusual at Canisius since each faculty member is dedicated to educating each student both in the classroom and outside of it—whether they meet in the lounge, the dining hall or in a corridor.

Providing excellence in education for students—both men and women—requires the best faculty obtainable. Over one half of the full time faculty members at Canisius have received their doctorates while many others are candidates for doctoral degrees.

Providing an excellent faculty is only one part of an educational institution's job. Each faculty member must be interested in the individual student, not just a classroom full of students. This accent on the individual student, which Canisius has always considered an integral part of her educational process, is demonstrated by working counseling and guidance programs.

Besides a professional director of guidance, faculty members share in counseling students in their areas of concentration. For example, Dr. Bernard L. Martin, dean of the School of Business Administration and professor of marketing-management, spends many hours counseling students even though he is extremely busy designing future programs.

As Dr. Martin says, "You cannot plan for the future, whether it is for a school or simply a course, if you do not now what problem areas the student encounters. Without knowing what the individual student thinks about various programs or about your course, you start to build an ivory tower and move from being an educator to being a source of information."

The Canisius philosophy of education hinges on the student. Canisius will always treat the student as an individual, since this institution is committed to the development of well educated, properly motivated, professional men and women who will assume leadership responsibilities within our nation in the critical years ahead.
